About REVA UNIVERSITY

REVA University is a State Private University established in Karnataka State under the Government of Karnataka Act No. 13 in the year 2012 in Bengaluru, the IT capital of India. REVA University, recognised by the University Grants Commission (UGC) and approved by the All India Council for Technical Education (AICTE), has an A⁺ grade from NAAC.

The University has a DIAMOND Band ranking from QS I Gauge. As per QS Asian University Rankings, it is ranked 47th among all the private Universities of India and 6th among all private universities of Karnataka. In less than a decade, REVA University, Bengaluru, has established itself as a Global University in education by earning recognition as a forward-thinking institution across all disciplines.

Spanning a scenic 45-acre campus, REVA University epitomizes academic brilliance offering multidisciplinary programmes encompassing Engineering, Architecture, Science and technology, Design, Commerce, Management Studies, Law, Environmental Arts and humanities, and Performing Arts. The University currently offers 38 undergraduate, 31 postgraduate, 20 Ph.D., 8 diploma and certification programmes. Founded by Chancellor Dr. P. Shyama Raju, REVA University has curated a legacy marked by innovation, scholarly accomplishments, and a dedication to shaping the leaders of tomorrow.

To create mutual value in the educational ecosystem, REVA has a University Industry Interaction Center (UIC) that acts as the strategic centre to promote collaboration among academicians, scientists, and industrialists, thereby broadening the scope of innovation and entrepreneurship ecosystem.

REVA University has a Career Development Centre that assists students in choosing the right career path through interest mapping and training for experts and imbibing skills so that they are well-equipped during the transition from campus to corporate.

With state-of-the-art infrastructure, the University has created a vibrant academic environment conducive to higher learning and research. This includes 200 smart classrooms that support blended learning, real-industry-like labs that foster on-the-job learning in students, a tech-enabled library with over 1 lakh collections of books, and most importantly, modern pedagogy. REVA currently has numerous students on campus from around the country. The campus has exclusive Halls of Residence which provides comfortable accommodation for boys and girls, apart from catering to the needs of all cuisine and ensuring adequate amenities are provided to make their stay an extended home.

REVA currently has more than 15000 students on campus that come from all around the globe. REVA has now moved on to become a Social Impact University and has aligned with the United Nations Sustainable Development Goals. In its mission to become a social impact university, REVA University has initiated several Corporate Social Responsibility initiatives. Jagruti, Abhivridhi, Vanamahotsava, Education on Wheels, and Pragna are a few of the several projects in REVA.

REVA continues to strive to be the top education destination in India, offering the country's most advanced and futuristic education. Through various initiatives, REVA aspires to become an innovative University by developing a social connection with leadership qualities, ethical and moral values, research culture, and innovative skills through higher education of global standards.

REVA VISION & MISSION

Vision

REVA University aspires to become an innovative university by developing excellent human resources with leadership qualities, ethical and moral values, research culture and innovative skills through higher education of global standards.

Mission

- ❖ To create excellent infrastructure facilities and state-of-the-art laboratories and incubation centres.
- ❖ To provide a student-centric learning environment through innovative pedagogy and education reforms.
- ❖ To encourage research and entrepreneurship through collaborations and extension activities.
- ❖ To promote industry-institute partnerships and share knowledge for innovation and development.
- ❖ To organize society development programmes for knowledge enhancement in thrust areas.
- ❖ To enhance leadership qualities among the youth and enrich personality traits, promote patriotism and moral values.

Dear Game Changers,

Welcome to REVA University!

Let me address the student populace as ‘game-changers’ because we at REVA, believe in the phenomenal power of the youth, and their powerful ideas. As students, you hold the power to transform society and change the paradigm of every development. At REVA, we believe in giving our students a supportive and nurturing environment that cherishes innovation, creativity, independent thought, diversity and multiculturalism. We are driven by the philosophy that “Knowledge is Power” and we are striving to build a community of perpetual learners who can achieve everything they aspire to.

REVA University has adopted the mission to make learning unlimited. Our driving principle of ‘Learning Unlimited’ is empowered with the adoption of technology. As a Social Impact University, we aim to create socially responsible global citizens who can lead businesses, and transform society and the country in the future. As you all know, REVA University has in alignment with the NEP 2020 built the road map of the University; focusing on four SDGs of prime importance: SDG IV, SDG V, SDG XI, and SDG XVII in keeping with this aspiration of the Hon'ble Prime Minister, Shri Narendra Modi ji.

As part of our contribution towards Social Responsibility, we have conducted a series of events like Jagruti, Abhividdhi, Abhivyakti, Vanamahotsava, Pragna, Nyaya Darshana, Samaavesha and Panchavaktram. As the Chancellor of the University, I want to ensure that all the REVAites have equal opportunity to explore and learn in such a way that it transforms both the individual lives and the future of our society, nation, and beyond. With the dedicated efforts of our eminent faculty members, I am certain REVA University students will be guided and mentored in such a way that they will be the game-changers of tomorrow.

Dr. P. Shyama Raju

Chancellor

REVA University

Dear Students,

Welcome to REVA University!

REVA University stands as a testament to the power of vision, dedication, and the collective pursuit of excellence. We envision a learning environment that transcends traditional boundaries, where innovation and technology approaches converge to redefine education. By doing this, we continue to be the torchbearers of education by improving our position to be a Multidisciplinary and Social Impact University and bringing about positive changes in the overall development of students.

At REVA, our journey has been one of continuous improvement and growth. We are not just imparting education; we are shaping futures, fostering holistic development, and preparing our students to become leaders and innovators in their respective fields. We understand the transformative power of technology and we seamlessly integrate it into our ecosystem. Our state-of-the-art labs, expansive central library, fully-equipped fitness centre, and the most modern sports facilities are all enhanced by transparent and innovative technological solutions.

The spirit of REVA lies not only in the pursuit of knowledge but in the values that guide our actions. We strive to provide a platform that is inclusive, global, and responsible, fostering a transformative journey that not only improves student learning but enriches the entire educational experience. As we march forward, let us embrace change, welcome challenges, and strive for excellence in everything we do. Together, we are not just building a university; we are crafting a legacy that will inspire generations to come.

I wish all REVAites a learning experience on par with international standards and the development of competencies through the integration of information based on core values and ethics.

SCHOOL OF CIVIL ENGINEERING

REVA University School of Civil Engineering is committed to developing skilled civil engineers adept at addressing modern challenges. The programme aims to equip students with a robust foundation for solving real-world problems while prioritizing sustainable and cost-effective solutions. The school prides itself on a team of highly experienced professors and qualified faculty, backed by cutting-edge classrooms and well-equipped laboratories.

The school offers a range of B.Tech and M.Tech programs in specialized streams and provides opportunities for advanced research, including doctoral studies. While the traditional curriculum encompasses planning, analysis, design, and execution of key infrastructure projects such as buildings, roads, bridges and dams, the evolving nature of the field is shifting its focus. This change is driven by the rising demand for improved living standards, rapid technological advancements, economic growth, and heightened awareness of environmental impacts, broadening the scope and opportunities in Civil Engineering.

PLACEMENTS

REVA University has an all-inclusive placement training programme that engages students with pre-placement training early on. Commencing in the first semester, the programme progresses along with mainstream studies. This facilitates learning for 'industry readiness' provided by career development centre. The Centre organises an exclusive soft skills, aptitude and technical training programme for students, imparted by veterans in the field. This course helps students develop technical competencies and domain specific knowledge. The course involves developing interpersonal, communication, team building by leadership skills, logical reasoning for greater productivity and performance and above all 'employability'. The Soft Skills training sessions covers everything that will enable a student to stand out in a crowd of career builders. It is designed to help acquire skills that are core to success in domain of their aspiration, to gain personal insight and practical skills to develop and implement a mental framework for a good and professional approach to their career.
