About REVA UNIVERSITY

Building Dreams. Designing Future.

REVA University is a State Private University established in Karnataka State under the Government of Karnataka Act No. 13 in the year 2013 in Bengaluru, the IT capital of India. REVA University is recognised by the University Grants Commission (UGC) and is approved by the AICTE (All India Council for Technical Education) and is accredited by NAAC. As per the QS Asian University Rankings 2023, REVA is ranked 6th among State Private Universities in Karnataka and 47th in India.

REVA University prides itself in contributing to every student's holistic development. The University currently offers 39 full-time Under Graduate Programmes, 32 full-time Post Graduate programmes, 18 PhD programmes, and certification and diploma programmes. The University offers programmes under the faculty of Engineering, Architecture, Science and Technology, Commerce, Management Studies, Law, Arts & Humanities, and Performing Arts & Indic Studies. Courses are offered in Certificate/Diploma and Post Graduate Diploma too. REVA University facilitates research leading to a Doctoral Degree in all disciplines. The programmes offered by REVA University are well-planned and designed based on methodical analysis and research with an emphasis on knowledge assimilation, practical applications, hands-on training, global and industrial relevance, and their social significance.

The University is spread over 45 acres of land and has a sprawling green campus. In less than a decade, REVA University, Bengaluru, has established itself as a leader in the field of education by earning recognition as a forward-thinking institution across all disciplines. With state-of-the-art infrastructure, the University has created a vibrant academic environment conducive to higher learning and research. This includes 200 smart classrooms that support blended learning, real-industry-like labs that foster on-the-job learning in students, a tech-enabled library with over 1 lakh collection of books, and most importantly, modern pedagogy. In addition to this, the physical infrastructure includes outdoor classrooms, sports grounds, a professional gym, open study parks for peer learning, and a food court that has been countered by popular food chains. REVA currently has numerous students on campus that come from all around the country. The campus has exclusive Halls of Residence which provides comfortable accommodation for boys and girls, apart from catering to the needs of all cuisine and ensuring adequate amenities are provided to make their stay an extended home.

The programs offered by REVA University are well planned and defined after a detailed study of the industrial need, social relevance, and global job markets. Highly qualified and experienced faculty and scholars from reputed universities /institutions, and experts from industries and business sectors have contributed to preparing schemes of instruction and curricula for these programs. The Choice-Based Credit System and Continuous Assessment Grading Pattern (CBCS – CAGP) of education are in place in all the programmes to facilitate students to opt for the subjects of their choice in addition to the core subject of study. The system also allows moving forward under the fast track for those who have the capabilities to surpass others.

REVA University has initiated many supportive measures such as bridge courses, special coaching, remedial classes, etc., for slow learners to give them needed input and build in them confidence and courage to move forward and accomplish success in their careers. The Training & Placement Cell sets specific goals so that the students are equipped and become the preferred choice for major companies and industries.

REVA University has a Career Development Centre that assists students in choosing the right career path through interest mapping and training for experts and imbibing skills so that they are well-equipped during the transition from campus to corporate. With the aim of creating mutual value in the educational ecosystem, REVA has a University Industry Interaction Centre (UIIC) that acts as the strategic centre to promote collaboration among academicians, scientists, and industrialists, thereby broadening the scope of innovation and entrepreneurship ecosystem.

REVA also has added a social dimension to its corporate initiatives. REVA has now moved on to become a Social Impact University and has aligned with the United Nations Sustainable Development Goals by developing projects like Jagruti, Abhivridhi, Vanamahotsava, Education on Wheels, Panchavaktram, Abhivyakti, Nyaya Darshana, Samavesha, Pragna among others. Through these projects, REVA makes sure that they are making a difference in the social and economic well-being of the communities through teaching, research, social activities and other programmes.

Since its inception, REVA continues to strive to be the top education destination in India, offering the country's most advanced and futuristic education. With the current trends in mind, REVA moulds students to work in a post-pandemic world and adjust to the new ways of work culture.

About KHEL KHOJ

REVA University is one of the few multidisciplinary Universities that uphold the culture and heritage through its various social outreach initiatives. In alignment with the United Nations Sustainable Development Goals and NEP policy, the Department of Sports & Physical Education at REVA University has come up with a unique initiative called Khel Khoj, which is an attempt to bring to modern society the importance of traditional games and bring them back as a component of the Indian Knowledge System. With time, we have not only lost the zeal for indigenous games but also there are fewer playing spaces for children and students. In this modern era, it is always a challenge to find new ways to play traditional games in limited spaces. As pioneers in higher education and a Social Impact University, REVA, in alignment with UN SDGs, NEP 2020 and G20 India has initiated Khel Khoj to promote and revitalise indigenous sports. By doing this, REVA aligns with the Ministry of Education, Government of India and its mission to bring back traditional games from different Indian states.

The name Khel Khoj means 'Search for Games'. India has a rich culture and tradition and has always included sports and games with some ancient games dating back thousands of years. NEP 2020 talks in detail about how Universities must take the lead to bring innovative changes in our curriculum, by incorporating its suggestions and making a creative change in the education

policy. This is where REVA University opened its door as pioneers in the country to conduct various events to uphold the culture and tradition. Khel Khoj is one of these many initiatives started by REVA.

Khel Khoj event will kickstart at the REVA campus on February 11, 2023. The event will be held in Saugandhika, REVA University Sports ground and the open pathways inside the campus. As a part of this, REVA has identified more than 35 indigenous games that have their roots in various Indian states. In its initial phase of Khel Khoj, REVA focuses on field sports, martial arts, and indoor/board games, with intentions to expand on this with additional native games from different parts of the country. Each School will take up two indigenous sports and showcase them by exhibiting under various categories like the history of the sport, the values each game inculcate and showcasing the sport with various costumes, equipment and pictures. Additionally, there will be an activity where students and others can participate in games or experience a portion of the game. Depending on the sports or games, there will also be team-building activities, research on the history of the games, coordination with associations of each sport, procurement of materials and eventually the execution of the games.
