

REVA
UNIVERSITY
Bengaluru, India

**School of Computer Science and
Engineering DEV/TRACK Club
Report**

Date: 10th February 2023

Venue: Dr. A P J Abdul Kalam Seminar Hall

Programs Organized: DevArena

Participants: B. Tech CSE, C&IT, ECE, Mech 1st, 4th and 6th semester and Bsc. Computer 4th semester students.

Description: DevArena was an insightful and engaging event that provided attendees with valuable learning opportunities and fun activities. attendees had the opportunity to learn from industry leaders such as Mr. Monuranjan Borgohain (CEO of e2ehiring), Miss .Shreya Raj (Interface Designer at Zintlr), Mr. Yathish N V (CTO at SwiftRide) and Mr. Hemanth G (CBO at SwiftRide).

In addition to the informative talks, attendees participated in engaging activities such as an interactive quiz, a technical group discussion, and an outdoor treasure hunt. The interactive quiz was a competitive and fun experience that challenged participants to test their knowledge. The technical group discussion was interactive and provided an opportunity for attendees to exchange ideas and learn from each other. The outdoor treasure hunt was a thrilling and collaborative activity that required logical and analytical skills to solve puzzles and find hidden treasures.

Overall, DevArena provided attendees with a valuable learning experience and opportunities for networking and engagement in a variety of fun activities.

DevArena Event objective:

- To provide a platform for industry leaders and experts to share their knowledge and insights with the participants, and to enhance the attendees' understanding of various topics related to technology and development.
- To offer opportunities for the attendees to apply their newfound knowledge in a fun and engaging way through interactive sessions, such as quizzes and technical group discussions.
- To provide networking opportunities for the participants to meet and engage with like-minded individuals, share ideas, and build connections.
- To foster teamwork and collaboration among the attendees through an outdoor treasure hunt that requires problem-solving skills, logical thinking, and analytical skills.
- To create a community of individuals with shared interests in technology and development and provide a platform for continued learning and development in this field.

Club Description: Kindly go through our DEV/TRACK website [DEV/TRACK \(devtrack.tech\)](https://devtrack.tech)

DevArena Event Outcomes:

- Participants gained valuable knowledge and insights from the talks and technical sessions provided by industry leaders, including the importance of projects, UX design, and android development.
- The interactive quiz and technical group discussion provided opportunities for attendees to apply their newfound knowledge in a fun and engaging way, further enhancing the learning experience.
- Participants had the opportunity to meet and engage with like-minded individuals, share ideas, and build connections, thereby expanding their professional and personal networks.
- The outdoor treasure hunt was a thrilling and exciting experience that required collaboration, problem-solving skills, and logical thinking, helping to build teamwork and camaraderie among participants.
- The event was a testament to the power of community building, bringing together a diverse group of individuals with shared interests and providing a platform for continued learning and development in the fast-paced and constantly evolving world of technology.

Here is a brief description of the events along with a few snapshots in their order.

At the beginning of the event, the guests were introduced, and the lamp was lit to commence the event. The guests were then presented with gifts, which included diaries. Dr. Ashwin welcomed the guests, setting the stage for the event.

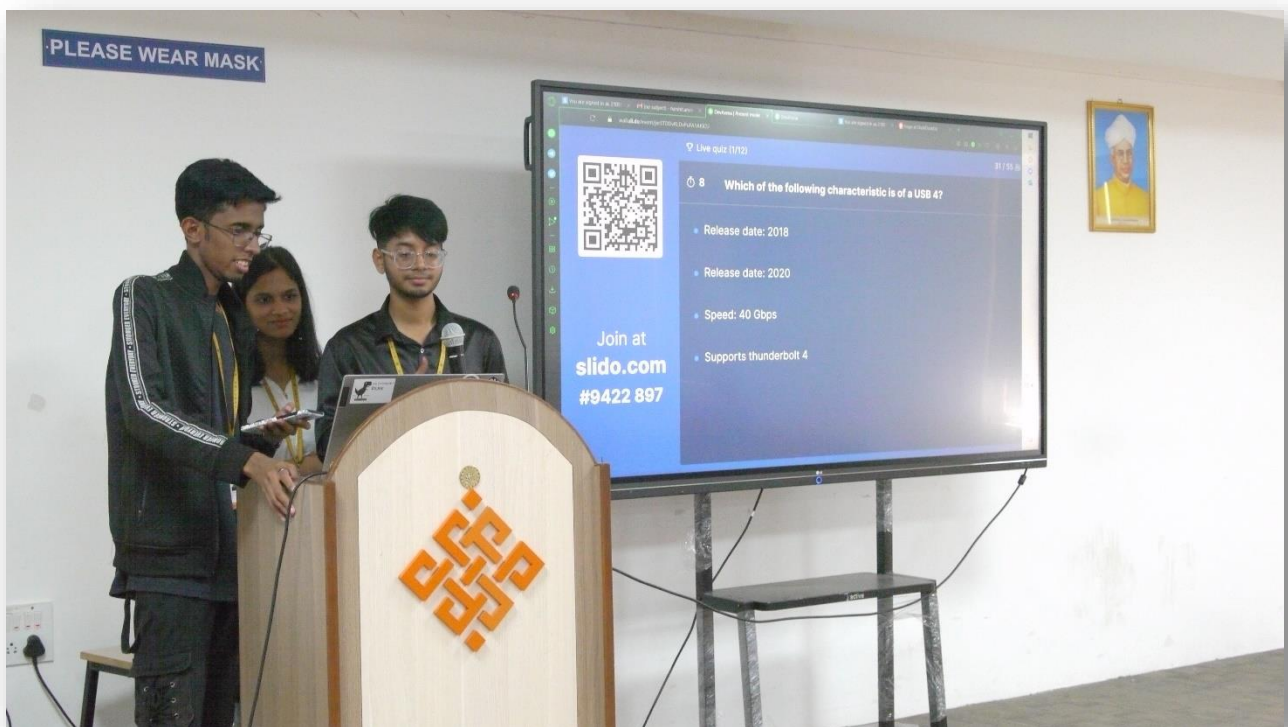

Mr. Monuranjan, CEO of e2ehiring, spoke about the importance of projects and why it's essential to pursue what you love.

This was followed by Shraya Raj, who shared her knowledge and experience in UX design and career prospects in the field.

After a short break, a mini event was held which involved conducting a quiz and distributing stickers to the participants.

Following that Mr. Yathish NV (CTO @swiftride) then gave a supercharged lecture on Android development

Parallely ,**The TREASURE HUNT at DevArena** was an exciting three-round event. Round one involved technical puzzles like Sudoku and crosswords. In round two, participants had to solve riddles to get to specified locations for the next clue. In the final round, they had to unscramble the word "crave" and go to the location to claim their prize, which included cake. Overall, the treasure hunt was a fun and challenging activity that kept the participants engaged and entertained throughout the event.

Followed by a highly interactive session on the same topic by Mr. Hemanth G (Chief Business Officer @swiftride)

The technical group discussion was an engaging event where participants were split into groups and given a topic to discuss. The groups then presented their thoughts on stage, leading to an exchange of ideas and insights

Number of participants in the event.
