Event Summary:

The session was organized in alliance with one of our alumnus Mr.Dakshineshwar who played a major role in bringing 4 PL Academy which has sponsored an amount of Rupees 50000 for few of the technical events of School of Electrical & Electronics Engineering.

4PL Academy is a dynamic, innovative consultancy established in the UK that specializes in offering trade compliance solutions and comprehensive logistics Services. The courses that this UK based company provides are Logistics Management, CTCP (Certified Tariff Classification Professional), Trade Compliance, Master Course They predict that professionals with a certification for these courses can be placed into any company with an average salary ranging from 3 up to 25LPA The company provide professional growth via networking and a recognized global qualification from CPD UK which could possibly lead to the candidate being placed in big companies like Amazon and KDMG.

The delegates who were present for the session are:

Mr.Vishal Mathur - Director

Ms.Shwetha Ramesh - Global Trade Compliance Manager

Mr.Midhun - Trade Compliance Specialist

Mr.Aakash Tiwari - Senior trade compliance specialist

Ms.Navyasri - HR Team Lead

Mr.Joseph Stanley - Logistics Facilitator

Agenda:

The talk focused on following points,

- Enhanced Understanding about of trade compliance regulations
- How to develop the skills required for placement drives
- Networking opportunities
- Certifications and credentials
- Problem solving skills

The session was very informative and the students gained a lot of knowledge and inputs on various certification courses

Outcomes:

By attending the Alumni Technical talk, students:

1. Gain a deeper understanding of trade compliance regulations, logistics best practices, and industry-specific concepts
2. Learned to develop practical skills such as supply chain management, risk assessment, customs procedures, transportation optimization, and technology utilization in logistics.
3. Gained knowledge on engaging with experts and peers in the industry can lead to networking opportunities, collaboration, and the exchange of ideas and experiences.
4. Understood the importance of certification courses which would enhance participants' credibility and marketability in the job market
