Timeless Traditions: A Kinhal Art Journey

Introduction

From November 19th to 22nd, 2024, students participated in an intensive Kinhal Art Workshop as part of the Self-Directed Learning (SDL) initiative. Hosted at the prestigious **Regional Design and Technical Research Centre**, under the aegis of the **Ministry of Textiles and Handicrafts**, the workshop provided a unique opportunity to explore the intricacies of Kinhal art—a craft deeply rooted in India's cultural heritage. The event was guided by **P. Chandran**, Design Head of the Centre and **Assistant Director** at the Handicrafts Services Centre, whose leadership significantly enhanced the learning experience.

The Kinhal Art Process

The workshop began with the foundational step of preparing wooden boards, essential for creating authentic Kinhal art. Participants prepared a base coat by combining chalk powder with Arabic gum, which was meticulously applied to the surface to ensure a smooth and durable finish. Under expert guidance, students traced traditional Kinhal motifs onto the prepared boards using carbon paper, preserving the precision and integrity of the original designs.

The subsequent stages delved deeper into the craft's technical aspects. Using a blue-tinted chalk powder paste, participants painted over the traced motifs, building up multiple layers to create the embossed texture that is a hallmark of Kinhal art. This phase demanded patience, focus, and an appreciation for detail.

Once the embossing was completed, a layer of silver foil was carefully applied to the motifs, imbuing the artwork with an elegant and reflective quality. The final step involved hand-painting vibrant colors onto the silver foil, allowing each participant to bring their creativity into harmony with the traditional aesthetic of Kinhal art.

In addition to the painting exercises, participants were introduced to the art of Kinhal toy-making. Under the mentorship of the design experts at the Centre, students learned the process of carving, priming, and decorating small wooden figurines, extending their understanding of this multifaceted craft.

Reflections and Outcomes

The workshop's location at the **Regional Design and Technical Research Centre** enriched the experience by placing participants at the heart of a hub dedicated to the preservation and promotion of India's traditional crafts. The involvement of **P. Chandran**, with his wealth of knowledge and dedication to handicrafts, was instrumental in ensuring the workshop's success. His personalized guidance and

encouragement inspired participants to engage deeply with the art form and its cultural significance.

Students gained technical skills in base preparation, embossing, and foiling, while also developing an appreciation for the artistry and history embedded in Kinhal art. The hands-on approach fostered an understanding of the slow, deliberate craftsmanship that defines the tradition, as well as its potential applications in contemporary design contexts.

Conclusion

The Kinhal Art Workshop, conducted at the Regional Design and Technical Research Centre, was a remarkable confluence of tradition, creativity, and innovation. Through the mentorship of esteemed professionals like **P. Chandran**, students were not only introduced to the technical aspects of this craft but also inspired to carry forward its legacy in modern design practices. The workshop was a testament to the Centre's mission to preserve and promote India's rich handicraft heritage, leaving participants with a deeper appreciation of the cultural and creative value of Kinhal art.
