## MESSAGE FROM HON'BLE CHANCELLOR

Higher Education throughout the globe has seen unpredictable transformation during recent past. Indian Higher Education is in need of radical reforms. The rise of the IT sector and higher education in India has boxed students into linear paths without giving them a chance to explore and discover their passion.

REVA University is marching forward towards preparing students as holistic citizens and providing them opportunities to discover their passion. This has been reflected in its curricular and co-curricular activities, research & innovation programs and the accomplishments of 2016-17. The adventurous spirit of our fraternity and their commitment in making a difference continue to distinguish REVA and draw students to our University. With scholars in various disciplines working together and thinking about how we can teach and learn better, we want our students to become leaders in every field.

Our alumni, parents, and well-wishers continue to be extraordinarily supportive of the work done by our faculty members and students. The information contained in this third annual report demonstrates that we will continue our march towards creating a better future for the youth of our nation.

I am happy that the University is bringing out the Annual Report for the year 2016-17 as a reflection and documentation of the gist of happenings in terms of academic, research & innovation, extension and other activities.

I look forward to seeing new endeavor, witnessing and achieving greater heights of success.

With Best Wishes

There are 3 messes – 1 for girls, 2 for boys – with modernised kitchen facility and a sitting capacity between 400 & 800. In addition, huge top class food courts with 400 seaters provide variety of food to day scholars and visitors to the campus. The REVA campus has well equipped state-of-the-art facilities for both Indoor and Outdoor sports activities. It also has independent health centre. The University also has tie-up with Regal hospital located within 1 ½ kms to meet emergency needs. It also has extended health insurance facilities for the students and staff. REVA University has 27 buses facilitating transport to 1200 students and 215 staff members. The campus has many more facilities including REVA brand store providing variety of items including uniforms, Coffee Shops / Milk Bars, Stationery Shops, Xerox, Juice Centres, Mens’ Salon, Ladies’ Beauty Parlor, Laundry, Karnataka Bank, and ATM.

REVA University conducts variety of events on different occasions throughout the year to inculcate moral and ethical values among students and also for their overall development of personality. Some of these programs include: celebration of Independence Day, Republic Day, Teachers’ Day, Ethnic day, World Biofuel Day, Karnataka Rajyotsava day, International Women’s day, National Youth day,

National Education day, Founders' day, Engineers' day and so on. These occasions provide opportunities for interaction with great personalities, performance of variety of cultural events clubbed with talent exhibitions. REVA University has instituted awards and prizes to recognize the services of teachers, researchers, journalists, scientists, entrepreneurs, social workers, sports persons and others who have contributed richly for the development of the society and progress of the country. One of such award instituted by REVA University is 'REVA Life Time Achievement Award' to be awarded to successful personalities who have made a mark in their field of service. This award is presented on the occasion of the **"Founder's Day Celebration"** of REVA University in presence of dignitaries, faculty members and students. The second **"REVA Life Time Achievement Award"** for the year 2016 has been awarded on the occasion of Founder's Day Celebration, 6<sup>th</sup> January, 2017 to Padma Bhushan Shri Shekhar Gupta, Renowned Journalist and Padma Shri Ignace Tirkey, Former Indian Hockey Player & Captain.

Hon'ble Chancellor has introduced a special feature under the title **"REVA Summit"** with an objective of taking all the senior officers and various school directors outside the University campus and have one day brain storming session on certain issues of concern for the development of the University. The Second REVA Summit was held on 28th Sept. 2016 at Hotel Le Meridian, Bengaluru wherein the entire team discussed in depth specifically on four issues, viz., (a) Students Admissions, (b) Academic Reforms, (c) Research & Innovation, and (d) Placement & Training. All the Directors and the Heads of the various administrative units made their presentations entire day. The day long presentations and deliberations during the Summit and a series of meetings followed by the Summit resulted into a Road Map to the University and strategic plan of activities to be undertaken during the year by each School. Efforts were made to implement these strategic plans of Schools and the Road Map of the University. The implementation was monitored by the Chancellor and the Vice-Chancellor in a series of review meetings.

These decisions became the pathway for implementation for overall progress of the University and welfare of the students and teachers. Another important move that the Hon'ble Chancellor introduced during the year is to plan and conduct all the programs during the year on specific theme. The theme for the year 2016-17 was **"Ethics, Environment and Society"**. All programs conducted during the year 2016-17 were based on the said theme. Yet another important feature of REVA University is **"REVAMP"** conducted every year. The event not only gives opportunities to students of REVA but also students of other Universities and Colleges. This mega techno – cultural and sports extravaganza was held from 31<sup>st</sup> March to 2<sup>nd</sup> April 2016. Students participated in debates, Quizzes, Group discussion, Seminars, exhibitions and a variety of cultural events. Mr. Praveen Godkhindi, a noted Flutist and Ms. Umashree, Hon'ble Minister for Women and Child Development, Kannada & Culture of Govt. of Karnataka were the Chief Guests on the occasion. The best performers in various competitions were recognized and felicitated by awarding them Prizes and Certificates. One more important event, **SHUBHA VIDAAYA 2016** - farewell function for Graduating Students was organised

on 11.06.2016. The Program was presided over by our Hon'ble Chancellor, Dr. P Shyama Raju. , Justice Shivaraj V Patil, Hon'ble Judge, Former Justice of the Supreme Court of India was the Chief Guest and Dr. G Viswanathan, Founder and Chancellor of VIT University, Vellore delivered the key note address. During this occasion, the students who had achieved top ranks and won medals and prizes in academic, cultural and sports events were recognized by honouring them with awards and prizes.

The physical education department conducted regular **Yoga** classes everyday throughout the year for the students, faculty members, administrative staff and their family members. The department also organized special yoga camp of 21 days from June 1<sup>st</sup> to June 21<sup>st</sup> 2016 for villagers around the University and family members of REVA Employees. It also organized International Yoga Day on 21<sup>st</sup> June, 2016. Prof. Krishna Bhat, former Professor and Head of the Department of Yoga Studies, Mangalore University was the Chief Guest. During this event, more than 800 students and local public participated in performing various types of Yoga.

## **OUR VISION**

**“REVA University aspires to become an innovative university  
by developing excellent human resources with leadership qualities,  
ethical and moral values, research culture and innovative skills  
through higher education of global standards”**

## **OUR MISSION**

- (1) To provide student-centric learning environment through innovative pedagogy and educational reforms;
- (2) To create excellent infrastructure facilities and state-of-the-art laboratories and incubation centers;
- (3) To encourage research and entrepreneurship through collaborations and extension activities;
- (4) To promote industry-institute partnerships and share knowledge for innovation and development;
- (5) To organize society development programs for knowledge enhancement in thrust areas; and
- (6) To enhance leadership qualities among youth and enrich personality traits and promote patriotism and moral values

## **OBJECTIVES**

1. Creation, preservation and dissemination of knowledge and attainment of excellence in different disciplines;
2. Smooth transition from teacher - centric focus to learner - centric processes and activities;
3. Performing all the functions of interest to its major constituents like faculty members, staff, students and the society to reach leadership position;
4. Developing a sense of ethos in the University, community, making it conscious of its obligations to society and the nation; and
5. Accepting the challenges of globalization to offer high quality education and other services in a competitive manner.

## **BEST PRACTICES**

- Theme based activities every year
- REVA Women empowerment lecture series
- REVA Life-time Achievement Award
- Corporate training by RACE
- Best Publication / Research Awards
- National Anthem and REVA Anthem every day morning
- Discourses by Swami Sukhabodhananda
- Regular YOGA coaching camps
- Swach Bharat – Swach REVA program

## I. ACADEMIC PROGRAMS

REVA University started offering 17 U G & PG academic programs and research in 18 disciplines from the academic year 2014-15. In 2015-16 the University added 6 more programs and another 9 programs during 2016-17 taking the total number to 32 programs. The University admitted students for 14 UG Programs, 17 PG programs, 1 PG Diploma and PhD in 18 disciplines under Faculty of Engineering and Technology, Science and Technology, Commerce and Management Studies, Arts & Humanities, Architecture, and Legal Studies. There are 5 UG programs and 10 PG programs (8 full time + 2 part time) under Faculty of Engineering & Technology, 2 UG and 4 PG programs under Faculty of Science and Technology, 4 UG, 2 PG and 1 PG Diploma programs under Faculty of Commerce and Management Studies, 2 UG programs under Faculty of Legal Studies, 1 UG program under Faculty of Architecture and 1 PG program under Faculty of Arts and Humanities. The UG programs in Engineering & Technology include: B Tech in Civil Engineering, Computer Science Engineering, Electronics and Communication Engineering, Mechanical Engineering and Electrical and Electronics Engineering; and the PG programs are: Advanced Power Electronics, Computer Science & Engineering, Computer Network Engineering, Data Engineering and Cloud Computing, Digital Communication and Networking, Machine Design and Dynamics, Structural Engineering, Transportation Engineering and Management and VLSI. The programs offered under Faculty of Science & Technology include: BCA, B Sc in Computer Science with specialization in Cloud and Big Data, MCA and M Sc in Computer Science, Biotechnology and Biochemistry. The Faculty of Commerce and Management Studies offers B Com, BBA, B Com (Honors) BBA (Honors), M Com and MBA programs. The two Under Graduate programs offered under Faculty of Legal Studies are BA LLB and BBA LLB of five years duration. B Arch and MA in English are offered under Faculty of Architecture and Faculty of Arts & Humanities respectively. The Faculty of Engineering & Technology also offers 4 part-time M Tech programs. These include M Tech in Advanced Embedded Systems, Advanced Information Technology, Computer Science & Engineering, and VLSI. The RACE (REVA Academy for Corporate Excellence), established with an objective of offering tailor made programs based on the industrial / corporate needs, offers PG Diploma in Business Analytics, in association with IBM. The 18 disciplines the candidates have registered for PhD include: Ph D in Civil Engineering, Computer Science and Engineering, Electrical Engineering, Electronics & Communication Engineering, Mechanical Engineering, Commerce, Management Studies, Chemistry, Bio-Chemistry, Biotechnology, Mathematics, Physics, Library & Information Science, Kannada, English, Hindi, Education, and Economics. The table 1 given below presents Year Wise & Faculty wise Programs 2014-15 to 2016-17 and table 2 lists all UG, PG and PG Diploma Programs. While the figure 1 depicts the number of UG, PG, PG Diploma and Ph D programs offered during the year, the figure 2 presents faculty wise programs.

## **II. RESEARCH AND INNOVATION**

### **1. Preamble**

Research at REVA University has been recognized as the primary activity to enhance teaching-learning process, and also to develop a unique identity as a university that has committed itself to address societal issues through application of Science and Technology. The Research and Innovation division headed by an experienced senior professor aims to continuously liaise with various funding agencies, R&D institutions, industries and faculty members of REVA University to facilitate for undertaking innovative research in cutting-edge areas of application and social relevance. It facilitates faculty members for interaction with scientists and experts in various fields and keep abreast of the developments in respective areas and exchange ideas for development and innovation. It promotes research culture in the university, formulates research policies, identifies thrust areas of research, provides training to young faculty members in preparing research proposals / writing technical articles, and encourages interdisciplinary research.

REVA has made a modest beginning in research with the support of dedicated faculty members and research scholars, and has set an ambitious vision of becoming one among the best universities which cater to societal needs. It has initiated research in 18 disciplines leading to Ph D in Engineering, Science & Technology, Commerce, Management Studies, Education and Arts & Humanities. It has also facilitated an INSA Senior Scientist, Prof. H Junjappa, to set up a synthetic organic chemistry lab to carry out core research activities in Heterocyclic and Aromatics.

REVA University strives to create an ambience for research culture among faculty members, research scholars and the student community. Majority of the faculty members have been engaged in sharing research related experiences, interdisciplinary/multidisciplinary collaborative work, appreciating research contributions of fellow colleagues, thereby, making the campus vibrant and conducive for research and research related activities. The university encourages establishment of research facilities in the campus and provides top-up grants as and when required.

### **2. Ph D Research Scholars**

REVA University promotes youngsters to pursue their education leading to Doctoral Degree in different branches of their studies. The University has formulated PhD Regulations based on the UGC Regulations comprising of entrance test, course work, formulation of Doctoral Committee, publication of research papers in peer review journals and such other provisions to maintain the quality of research. REVA University enrolled 76 research scholars in the year 2014 to pursue research leading to Ph D in 18 disciplines and this number increased to 237 by March, 2017.

The figure provided below depicts year wise number of scholars registered and working for PhD. There are 60 research scholars registered in the year 2014-15, 90 research scholars in the year 2015-16 and 87 research scholars have registered during the year 2016-17. Among 237 total research scholars 129 are male research scholars and 108 are female research scholars. While Figure-2 presented below provides total gender wise research scholars, figure-3 shows year wise male & female research scholars registered for PhD.

### 3. Discipline-wise Distribution of Research Scholars Registered for PhD

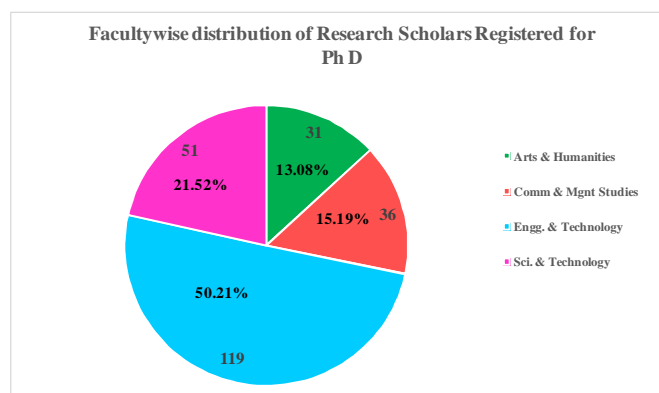

The table given below presents discipline wise distribution of research scholars registered for Ph D during 2014 to 2017 and on the roll as on today. There are (13.08%) research scholars registered under Faculty of Arts & Humanities, 36 (15.19%) registered under Faculty of Commerce and Management Studies, 119 (50.21%) registered under Faculty of Engineering and Technology, and 51 (21.52%) registered under Faculty of Science & Technology. The subject wise male & female research scholars registered and working for PhD is also presented in the table.

### 5. Research Projects Awarded:

REVA as a new University has made a small beginning in securing funded projects. The faculty members being well experienced researchers with enthusiasm to undertake funded projects from various funding agencies have secured few projects against the research proposals submitted by them to various funding agencies. The table presented below furnishes the details of funded projects.

Table-6

#### Funded Research Projects Awarded during the Year

## 7. Visits of Foreign Delegates

REVA University has made an inroad into the academic, research and business communities at national and international level. As a part of mutual understanding to undertake research projects, to start exchange programs of students, scholars and researchers and to initiate such other cooperative activities, many delegates from abroad have visited REVA University. The details of these delegates who visited REVA University during the year 2016-17 are provided in the table given below.

**Table-8**

## 8. Patents Filed

As a small beginning, REVA University has initiated filing of applications to register for patents. During the year the following five patents have been submitted for resgistration which have cleared originality check and are in application stage.

**Table-9**  
**Patents Filed**

Sl. No.	Title of the Patent	Investigators	Status	Year
1	Low cost based embedded rot monitoring device for agro-based industries - RED MART is ready for investment	Mr. Praveen V. Vijapur, Prof. Savitha P.R.	Novelty approved – Provisional application filed	2016
2	Simple Prosthetic Arm	Pavan Kumar H.U and Team	Applied	2016
3	Dynamically Variable DC link fed filter less sine wave Inverter	Prof K. Narayana Swamy & Dr Divakar B.P.	Novelty approved – preliminary application to be filed	2016
4	Agent based vehicle authentication (ABVA) Protocol for secured communications in vehicular Ad hoc networks (VANETs)	Dr. S. Manvi & Shrikanth Tangade	Novelty approved – preliminary application to be filed	2016
5	Connection of Things (CoT) Based Smart Add-On Plug Version-1 for Home/Office Automation	Shrikant S. Tangade, Praveen V. Vijapur, and Dr. Sunilkumar S. Manvi,	Novelty approved – preliminary application to be filed	2017

## 9. Programs organized by Research & Innovation Council

The Research and Innovation Council organizes various training and orientation programs, invited lectures etc, for the young faculty members and research scholars with a view to inculcate research culture and orient them towards research temper. These activities and training programs are held in association with respective Schools of REVA University and also the institutions outside the university. Some of the research related programs conducted by Research and Innovation Council in association with the Schools during the year 2016-17 are listed below.

1. Invited lecture on “Research Methodologies” – School of Computing and IT, REVA University, 16/07/2016
2. Invited lecture on “Research and Innovation” at School of Mechanical Engineering, REVA University, 30/1/2017
3. Invited lecture on “Research and Innovation” at School of Basic Science, REVA University, 11/2/2017
4. School-wise orientation of faculty members who are yet to register for Ph.D (22/2/2017 to 28/2/2017)
5. Sensitizing faculty members on submission of research proposals, 15/03/2017

### III. FACULTY AFFAIRS

#### 1. Teaching vs Non Teaching Staff

The University has a total staff of 908 members as on 31<sup>st</sup> March, 2017. Among them 451 are teaching staff and 457 are non-teaching staff. They represent 49.67% and 50.33% respectively. The gender-wise total staff shows that 585 are male and 323 are female staff, representing 64.43% and 35.57% respectively. Among 451 teaching staff, 243 are male and 208 are female representing 53.88% and 46.12% respectively. Out of 457 non-teaching staff, 342 (74.84%) are male and 115 (25.16%) are female staff.

Figure-7

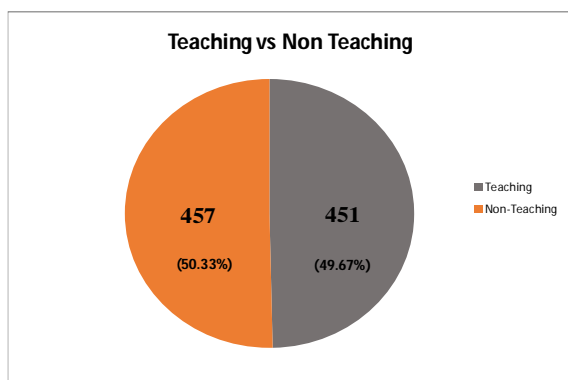

Figure-8

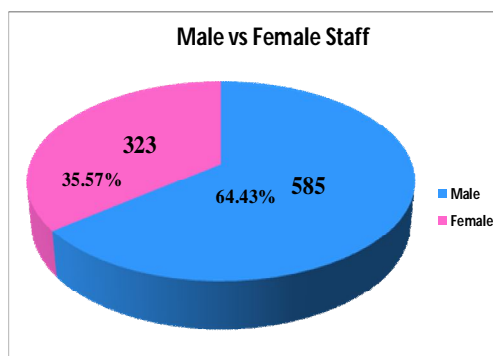

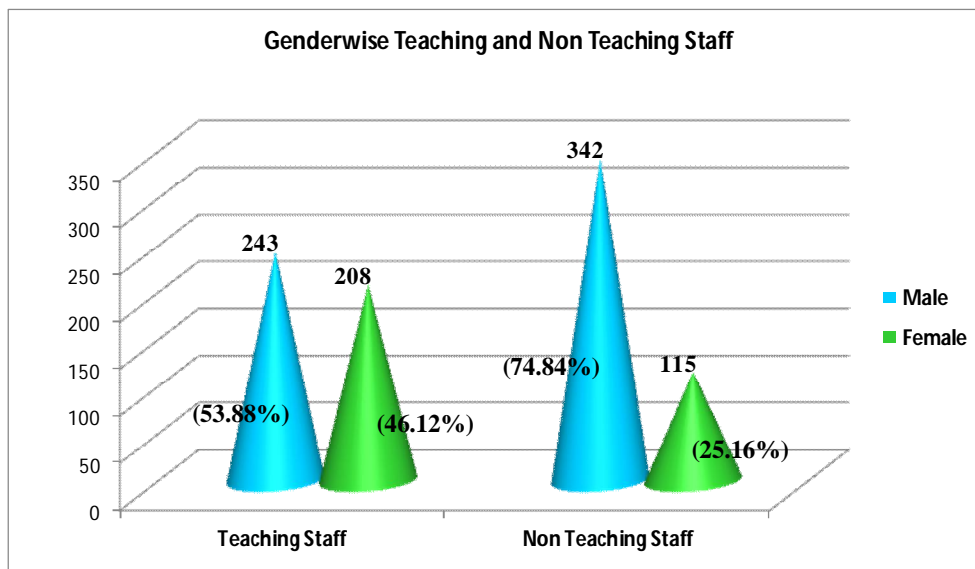

Figure - 9

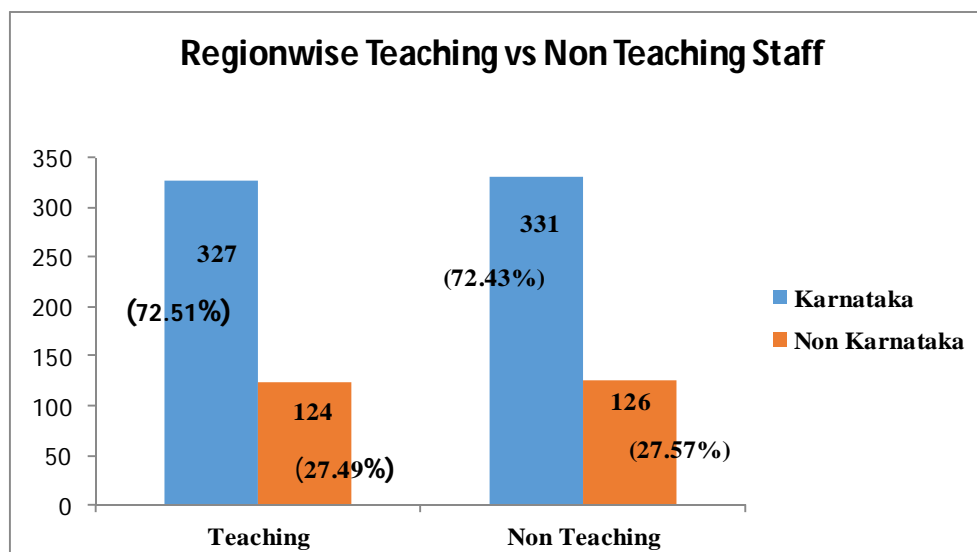

#### 2. Region-wise Distribution of Staff:

Out of total 908 staff members of REVA University 658 belong to Karnataka and 250 belong to Non-Karnataka states representing 72.47% and 27.53% respectively. Among 451 teaching faculty, 327 belong to Karnataka and 124 belong to other states. They represent 72.51% and 27.49% respectively.

Among 457 non teaching staff 331 are from Karnataka and 126 belong to other states. They represent 72.43% and 27.57% respectively.

**Figure - 10**

### 3. Category-wise Male and Female Staff:

The table given below provides data about category wise and gender-wise teaching and non teaching staff. The table exhibits that among 451 faculty members 199 belong to GM, 242 to OBC, 14 to Schedule Caste and 6 belong to Schedule Tribe categories. They represent 44.12%, 51.44%, 3.10% and 1.34% respectively. Among 457 non-teaching staff, 86 (18.82%) belong to GM, 311(68.05%) to OBC, 44 (9.63%) to SC and 16 (3.5%) to ST categories.

#### 5. Schoolwise Designation of Faculty Members:

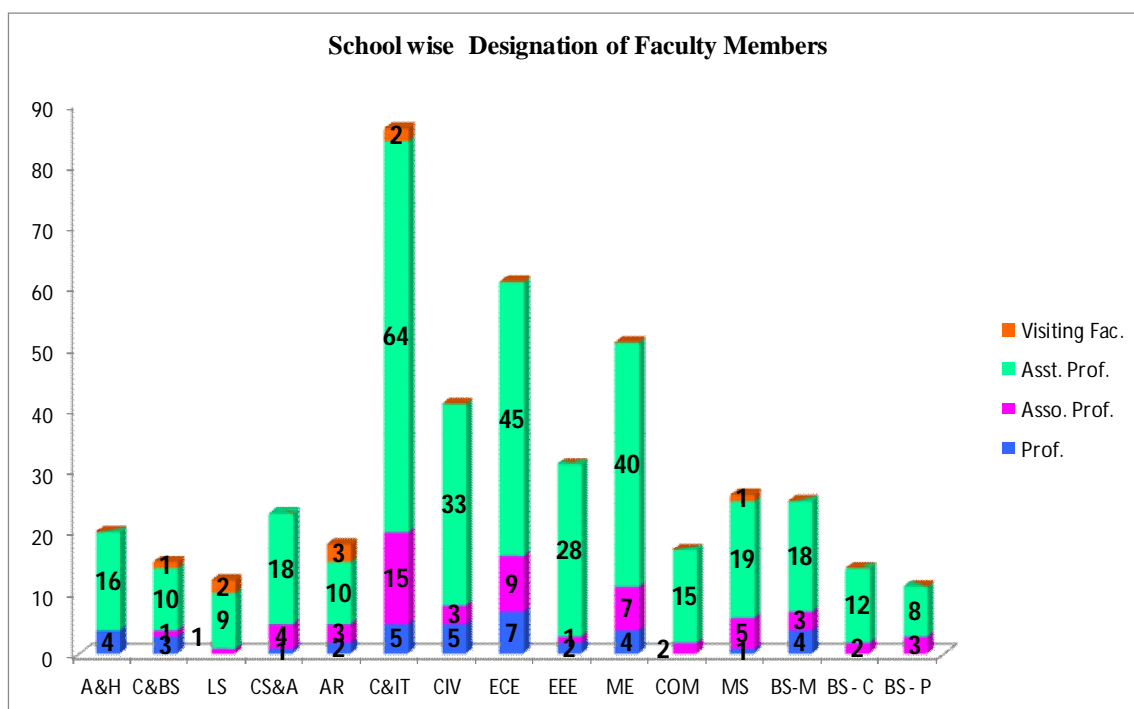

There are 13 Schools of Studies. The table and the figure given below exhibit schoolwise and designation wise distribution of faculty members. The School of Computing and Information Science has the highest number (86) of faculty members followed by School of Electronics & Communication Engineering with 61 faculty members, School of Mechanical Engineering with 51 faculty members, the School of Basic Sciences comprising of Mathematics, Chemistry and Physics with 50 faculty members

and School of Civil Engineering with 41 faculty members. The School of Computer Science and Application, the School of Management Studies and the School of Electrical and Electronic Engineering have 23, 26 & 31 faculty members respectively. The School of Legal Studies, the School of Biological Sciences, the School of Commerce and the School of Architecture have 12, 15, 17, & 18 faculty members respectively. The table given below also presents designation wise male and female faculty members

## 6. Schoolwise and Gender-wise Faculty Members

The figure given below provides school wise distribution of male and female faculty members. The figure demonstrates that the school of Computing and information Technology has highest (50) number of female faculty members as against the school of Mechanical Engineering which has the highest (49) number of male faculty members. The school of Arts & Humanities, Computer Science and Applications, Architecture, Management Studies and the School of Basic Sciences comprising of Mathematics, Chemistry and Physics have 14, 10, 17, 13 & 21 female faculty members respectively. The School of Civil Engineering, Electrical & Electronics Engineering have 17 female faculty members each. The other schools such as the School of Chemical and Biological Sciences, Legal Studies and Commerce have less than 10 female faculty members. The School of Mechanical Engineering has least (2) female faculty members. The School of Computer Science and Applications, Civil Engineering, Electronics & Communication Engineering, Electrical & Electronics Engineering, Commerce, Management Studies have male faculty members ranging between 12 and 29. Remaining schools; viz, School of Arts & Humanities, Legal Studies and Architecture have less than 10 male faculty members.

#### 7. Qualification of Faculty Members:

Out of 451 faculty members 81 (17.96%) possess PhD and Post Doctoral degrees in their respective subjects, of whom 7 have Post Doctoral degrees, 26 (5.76%) possess M Phil, 33 (7.32%) have qualified UGC-NET, SET/SLET, and GATE and 311 (68.96%) are Master's degree holders. However, 158 (50.80%) of them have registered for PhD and are pursuing their research in respective branches of their study. Table 9 given below presents the school wise faculty members with their highest academic qualification.

#### **10. Other Event (s) Organized by various Schools:**

The Schools organized variety of activities to inculcate different skills among students and to develop their overall personality. All the students are given opportunities to participate in such activities. Faculty members are also given equal opportunities to learn different techniques of teaching and research and thereby they improve their proficiency, teaching, research and innovation. In turn they contribute better for the development of students. The activities conducted in this context include project exhibitions, workshops, technical seminars, students' development activities, faculty development program etc, as detailed below.

#### **12.Presentation of Papers in Seminars / Conferences by the Faculty Members**

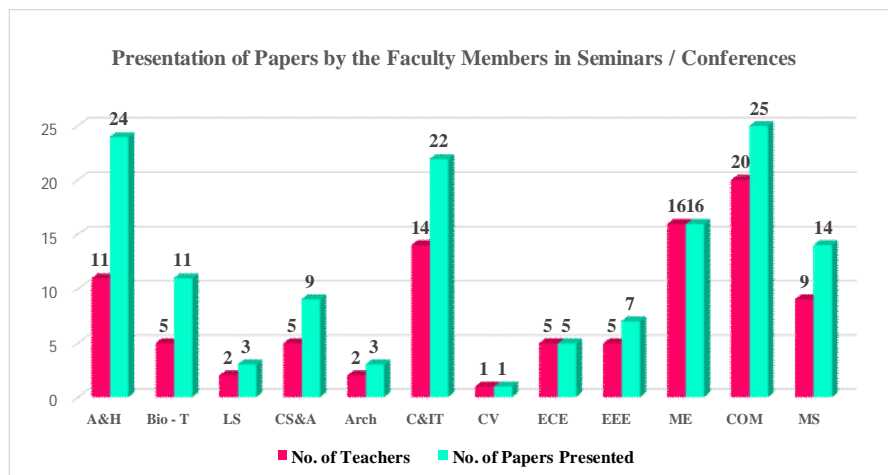

The University promotes teachers to participate in National and International conferences organized by various institutions and universities. There are 95 faculty members who participated in conferences and seminars conducted by different institutions and universities within the country and have presented 140 research papers. The School of Commere faculty members have presented the highest number (25) followed by faculty members of Arts & Humanities (24), and Computing and Information Technology (22). The teachers of Mechanical Engineering, Management Studies, Biotechnology and Computer Science Applications have presented 16, 14, 11 and 9 research papers respectively.

### 17. Research Guidance – Ph D

In all there are 108 research guides who are supervising 321 scholars pursuing research leading to Ph D in 18 disciplines. The highest numbers of scholars registered for PhD are in Computer Science & Engineering, followed by Electronics & Communication Engineering. They represent 17.45% and 16.20% of total scholars registered. There are 33 research scholars registered in Management Studies, 25 in Mechanical Engineering, 22 in English, 19 in Computer Science & Applications and 17 in Mathematics and Statistics, and they represent 10.28%, 7.79%, 6.85%, 5.92%, 5.92% respectively. There are 14 research scholars registered for PhD in Civil Engineering, 13 each in Commerce and Chemistry, 12 in Biotechnology, and 11 in Library and Information Science representing 4.36%, 4.05%, 12% and 3.44% respectively. Other subjects such as Electrical and Electronics Engineering, Hindi, Kannada, Physics, Biochemistry, and Education have less than 10 research scholars registered for Ph D.

### 18. Project Guidance – PG & UG:

All post graduate degree programs have project work as part of the curriculum. Some of the UG programs also have project work. The students carry on project work under the guidance of respective supervisors. The table presents the number of teachers guiding students and the number of candidates being guided for PG, PG Diploma and UG project work. In all there are 216 faculty members guiding 228 PG, and PG Diploma students and 1158 UG students to carry on projects.

## 20. Organization / Participation in University Activities

The various Schools organized curricular and cocurricular activities for students. The University also organizes such activities and the teachers are assigned responsibilities of conducting such activities. The school wise details of events and the teachers who have shouldered such responsibilities during the year 2016-17 are listed in the table given below.

## 21. Industry Visits:

**REVA University** promotes students and teachers to visit industries for practical training, project work etc. The practical classes in some of the cases, such as, for students of Architecture are arranged at the sites of their visit itself, as many buildings are being built are by the DivyaSree Group of Companies. Detailed below are the Schools which have visited various sites of industries and other institutions as part of their study tour / training and internship. All the 12 Schools together have visited 42 industries / institutions of whom the School of Architecture has visited 11 industries sites, the School of Management Studies and the School of Commerce have visited 7 industries each.

### Consultancy:

At REVA, Each School ensures that the targets set for Consultancy on a Yearly basis is attended to and achieved. Consultancy is an integral component of the School's research, Innovation Cell and each School ensures it stays abreast of the targets achieved.

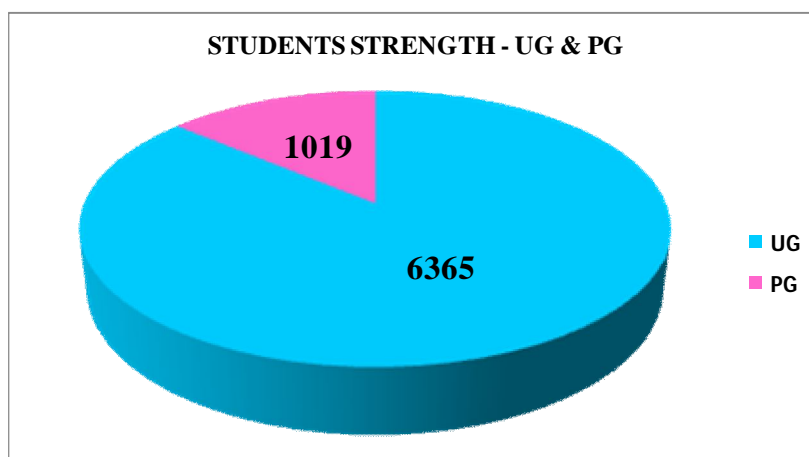

## IV. STUDENT AFFAIRS

### 1. Students Strength - 2016-17

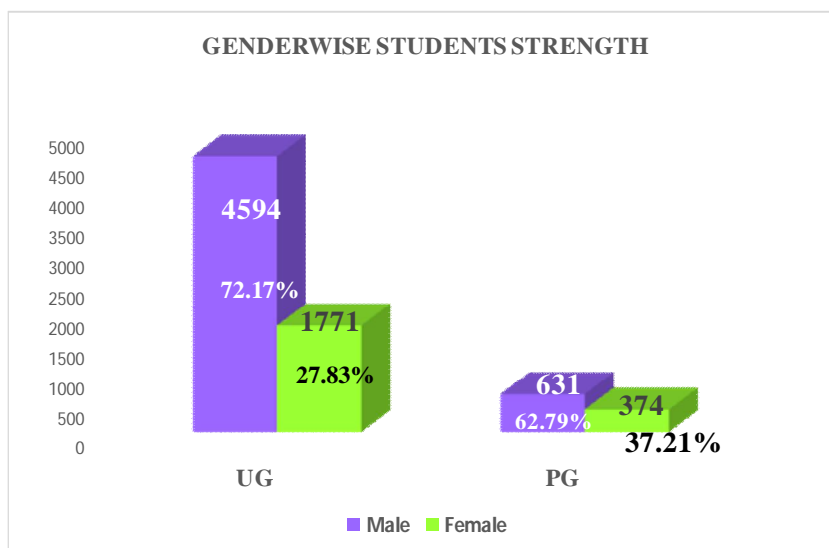

REVA University offered 32 programs during 2016-17 of which 14 are graduate programs and 20 are post graduate programs and 1 is PG Diploma. In all there are 7384 students studying these said programs during the year 2016-17, of whom 6365 are UG students, 1019 are PG and PG Diploma Students. Among 6365 UG students, 4594 (72.17%) are boys and 1771 (27.23%) are girls. Out of 1019 PG students including PG Diploma, 631 (62.79%) are male and 374 (37.21%) are female students. Further, among these 7370 students, 5225 are boys and 2145 are girls. The figures 24 & 25 given below provide total PG and UG students' strength for the academic year 2016-17, and gender wise distribution of PG and UG students.

### 3. Year-wise Students Strength

Table-28 and figure 26 given below exhibit the year wise students' strength. Out of 7384 students, there are 3212 (43.50%) studying in first year, 3062 (41.47%) studying in second year and 1110 (15.03%) studying in third year. Among 6365 UG students, 2675 (42.03%) are studying in first year, 2608 (40.97%) are studying in second year and 1082 (17%) are studying in third year. Among 1019 PG and PG Diploma students, 537 (52.70%) are in the first year and 454 (44.55%) are in the second year, further 28 (2.75%) students of part time M Tech are studying in third year.

### 4. School wise Students' Strength

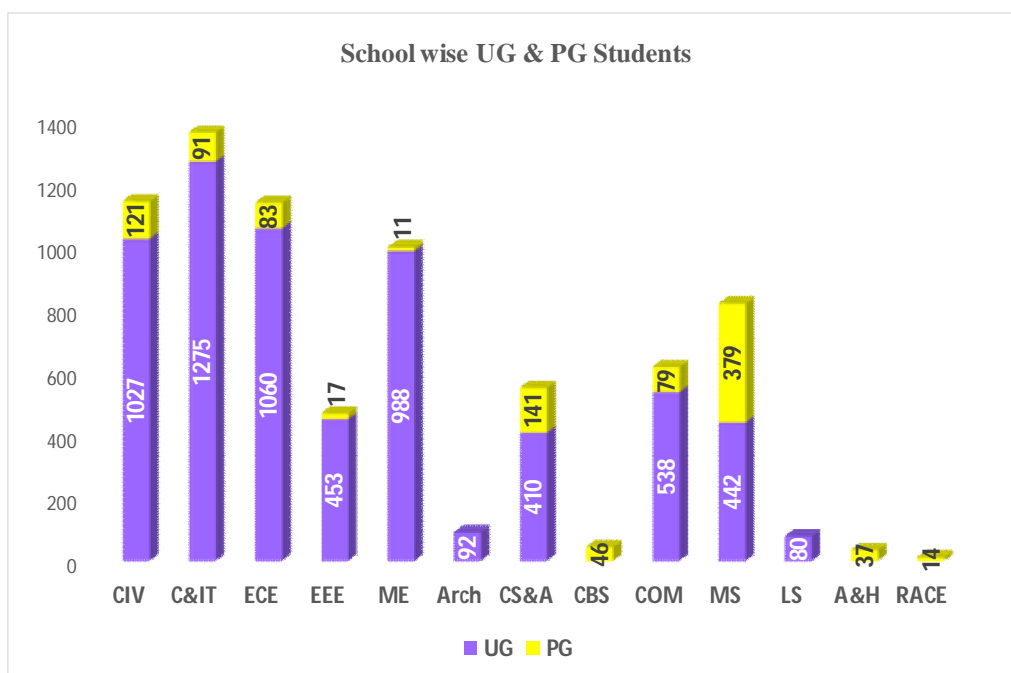

The table given below demonstrates school wise students' strength of UG and PG programs. There are 1148 students in the School of Civil Engineering of whom 1027 are studying in UG and 121 are studying in PG programs. The School of Computing and Technology has 1366 students of whom 1275 are studying UG & 91 are studying PG programs. The School of Electronics and Communication Engineering has 1143 students.

Among them 1060 are studying in UG & 83 are in PG. There are 470 students in the School of Electrical and Electronics Engineering of whom 453 are studying UG & 17 are studying PG programs. The School of Mechanical Engineering has 999 students and among them 988 are studying UG & 11 are in PG programs. All 92 students in the School of Architecture and all 80 students in the School of Legal Studies are UG students. There are 551 students in the School of Computer Science and Application of whom 410 are in UG & 141 are in PG. All 46 students in the School of Chemical and Biological Sciences and all 37 students in Arts & Humanities are PG students. The School of Commerce has 617 students of whom 538 are UG students & 79 are PG students. The School of Management Studies has 821 students of whom 442 are UG students & 379 are PG students. The RACE has only 14 students studying one year PG Diploma in Business Analytics.

### 6. School-wise / Gender-wise Students' Strength

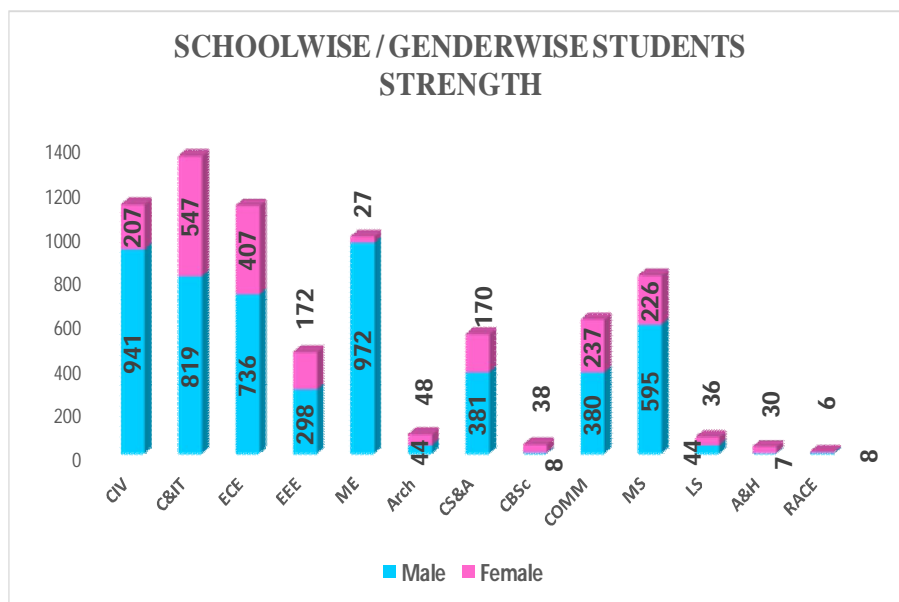

The table below shows the total students' strength in PG & UG of I, II & III years. It also shows School wise distribution of male and female students. While there are 7384 students altogether the male students are 5233 and female students are 2151 representing 70.87% and 29.13% respectively. The table exhibits that there is a great amount of variation in the percentage of male and female students from one School to the other. The School of Mechanical Engineering, Civil Engineering, Management Studies, Computing & Information Technology, Computer Science and Applications, Electronics & Communication Engineering, Electrical & Electronics Engineering, RACE and Legal Studies have been dominated by the male students, the percentage of male students ranging between 55% and 97.30%. The School of Chemical and Biological Sciences, Arts & Humanities and Architecture have majority of female students. Their number range between 52.17% and 82.60% .

### **7. School-wise Male & Female students of UG & PG programs**

The table given below demonstrates school wise male & female students' strength of UG and PG programs. Among 1148 students in the School of Civil Engineering, 941 are male and 207 are female students. Out of 1027 students studying in UG 948 are male and 179 are female students and out of 121 PG students, 93 are male & 28 are female students. The School of Computing and Information Technology has 1366 students of whom 819 are male & 547 are female students. Among 1275 students studying in UG, 769 are male & 506 are female students, and out of 91 students studying PG programs, 50 are male & 41 are female students. The School of Electronics and Communication Engineering has 1143 students. Among them 736 are male & 407 are female students. Out of 1060 studying in UG, 682 are male & 378 are female students. Among 83 students in PG programs, 54 are male & 29 are female. There are 470 students in the School of Electrical and Electronics Engineering of whom 298 are male & 172 are female students. Among 453 studying UG, 289 are male & 164 are female students. Out of 17 students studying PG programs, 9 are male & 8 are female students. The School of Mechanical Engineering has 999 students and among them 964 are male & 24 are female students. Among 988 students studying UG, 964 are male & 24 are female students. Out of 11 PG students, 8 are male & 3 are female. Among 92

students studying in the School of Architecture 44 are male and 48 are female students. There are 551 students in the School of Computer Science and Application of whom 381 are male & 170 are female students. Out of 410 UG students, 286 are male & 124 are female students. Among 141 PG students, 95 are male and 46 are female students. Out of 46 PG students in the School of Chemical and Biological Sciences, 8 are male & 38 are female students. The School of Commerce has 617 students of whom 380 are male & 237 are female students. Among 538 UG students, 339 are male & 199 are female students. The male & female PG students in the School of Commerce are 41 & 38 students respectively. The School of Management Studies has 821 students of whom 595 are male and 226 are female students. Among 442 UG students, 329 are male & 113 are female students. Out of 379 PG students, 266 are male & 113 are female students. Among 80 students in the School of Legal Studies, 44 are male & 65 are female students. The RACE has only 14 students studying one year PG Diploma in Business Analytics of whom 8 are male and 6 are female students.

## 8. School-wise / Program-wise Students' Strength

The table provided below presents the School-wise / Course-wise and year wise students' strength. The table depicts and that there are 1148 students in School of Civil Engineering, 1366 students in the School of Computing and Information Technology, 1143 students in School of Electronics & Communication Engineering, 999 in School of Mechanical Engineering, and 470 in School of Electrical and Electronics Engineering. While the School of Management Studies and the School

of Commerce have 821 and 619 students respectively, the School of Computer Science and Applications has 551 students. The School of Architecture, Legal Studies and Arts & Humanities have 92, 80 and 37 students respectively and RACE has 14 students.

#### 11. Performance of Students in Semester Examinations

The University commenced B Tech in Civil Engineering, Mechanical Engineering, Computer Science Engineering and Electronics & Communication Engineering, BBA and B Com programs at under graduate and M Tech (full time & part time) MBA, M Com and MA programs during the academic year 2014-15. Few new programs were also added during 2015-16 and 2016-17. Admissions for these programs for the academic year 2015-16 and 2016-17 followed. The Odd Semester examinations for students of these programs were conducted in November / December, 2016. The performance of these students in various examinations are summarized below.

##### a) Performance of Students in Fifth Semester Examinations

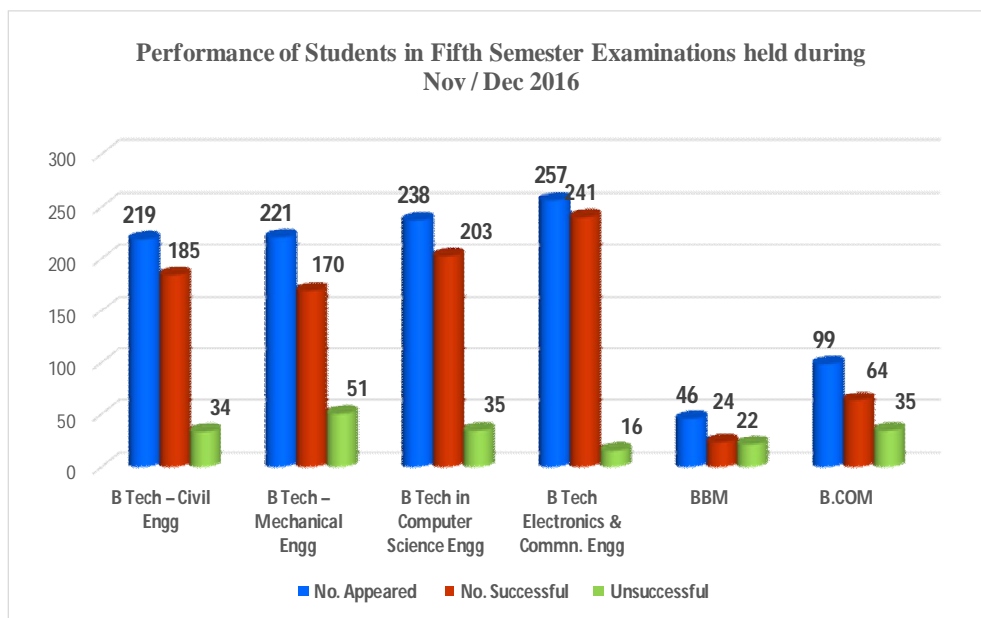

The first batch of students admitted to the first semester of four year program and of three years programs have appeared for fifth semester examinations held during Nov / Dec, 2016 and the performance of these students in the fifth semester examinations is furnished in the table given below. It may be observed from the table that the percentage of successful students of various programs vary between 52% and 93.77%, the highest being the B Tech in ECE students and the lowest being BBM.

## **V. UNIVERSITY- INDUSTRY INTERACTION AND SKILL DEVELOPMENT CENTER**

### **1. Preamble**

REVA University since its inception has established University Industry Interaction and Skill Development Center to enter into collaborations with various industries for undertaking industry based research and academic programs and to constantly interact with industry personnel so as to bridge the gap between academia and industry. The Center liaise with various industries and skill training institutions and explore the possibility of working together on various research and academic projects for the benefit of both the industries and the university. It facilitates students and research scholars to undertake industry based projects, to undergo internship in industries so as to gain better practical experience. The Center also facilitates faculty members to seek funded research projects from industries. Further, many skilled development programs are undertaken in collaboration with various industries and skill training institutions.

### **2. Mission**

To act as a catalyst for promoting collaboration amongst academicians, scientists and industrialists to achieve competitiveness in developing the technical manpower for socio economic development under the present scenario of global competition and challenges.

### **3. Identified Modes of Engagements**

- Internship opportunities
- Research projects
- Incubation Centers
- To work on cutting edge technology
- Open innovation
- Knowledge transfer
- Develop skills appropriate for job / entrepreneur
- Consultation work
- Product commercialization

### **4. Collaborations and Training Partners**

- MoU with AITMC , Center of Excellence for Skill Development
- MoU with Electronic Sector Skill Council
- MoU With Telecommunication Sector Skill Council
- MoU NASSCOM
- NSDC Training Partner
- National Entrepreneurship Network Cell – REVA EDC

### **5. Lab Establishments**

- Intel Intelligent Systems Lab
- VMware IT Academy Lab
- SAP Student Academy Lab
- Skill Development Lab School of Electronics and Communications ARM University Embedded Labs
- AITMC Center of Excellence for Skill Development Lab
- Oracle Student Academy Lab

## 6. Industry Partners

REVA has many industry partners of which the industry university - interaction and skill development center primarily interacts regularly with some of the industries and research institutions. These include EMC Academic Alliance, VMware IT Academy, SAP student Academy, Oracle Student Academy, Robogenesis, Go-Shakthi Designs, Chipware Technologies, NAL, Kar-Mic Ltd, Accord Software, Symphony Services, Intel Corporation, ISRO, IBM, Mobility Research Forum, V2 Civil Diagnostics, Hunet Technologies, Confederation of Indian Industries, Karmic, BSNL, Edulife Technologies, FICE, Dexterous labs.

## **VI. CAREER DEVELOPMENT AND PLACEMENT**

### **1. Preamble**

The University has a full fledged Career Development Center with most modernised infrastructure headed by a senior professor as Dean of the center. The Centre takes care of training students in soft skills, proficiency in communication and prepares them from the third semester itself for campus placements. The Placement wing provides employment opportunities to students through campus recruitments, pooled campus and off campus recruitments. The Placement process is initiated with a clear focus on the students from all academic levels. Companies are invited for the campus recruitment drive to match with different academic levels of students. Branch specific core companies are focused equally to ensure that students secured jobs to match their passion and competency. The Centre is well equipped with excellent infrastructure to support every stage of the placement process. Arrangements for pre-placement talks, interviews, group discussions etc. are all handled by the staff at the office. The center also coordinates training activities with various Schools in the University.

### **2. Objectives**

- Create awareness among students regarding available career options and help them in identifying their career objectives.
- Guide the students in developing skills and strategies required to achieve their career objectives.
- Identify suitable potential employers and help them achieve their hiring goals.
- Organize activities concerning career planning.
- Act as a bridge between students, alumni and employers.
- Obtain feedback from industry experts and provide inputs to Schools for curriculum development.

### **3. Placement Verticals**

**IT:** Software Engineer, Database, Testing, System & Network.

**Core:** Civil, Mechanical & Electrical.

**Designers:** Graphic & Web Designer, Visualiser

**Human Resources:** Payroll, Compensation & Benefits, Recruitments, Employee Relations & Engagement and Industrial Relations.

**Marketing & Communications:** Public relations, Corporate Communication, Events & Promotions, Marketing & Brand, Market Research.

**Finance & Accounts:** CA, CFA, CS & Legal, Taxation Financial / Business Analyst, Corporate Strategy, Internal & External Auditor, M & A, and Private Equity.

**Sales:** Business Development and Client Servicing

#### 4. Infrastructure

State-of-the-Art amenities and ambience comprising of Dean Cabin – 1, Training and Placement Officer Cabins – 3, Training and Placement Office Cubicles – 10, Board Room – 1, Group Discussion / Interview Rooms – 6, Placement Library – 1, Auditorium – 1, Seminar Hall – 5, library-1 and many more.

## **5. Pre-Placement Process**

The key attribute to a good placement season is to make the students aware regarding the necessary approach and strategy they would need to adopt for the placements. This is done by the Dean, Career Development Centre through interaction with students from each School / Department when they are in their initial semester. Students' interest is identified based on their background and the level of studies and they are continuously trained to inculcate required skills and knowledge to prepare them for placement by the time they complete their degree.

## **6. Placement Process**

As part of the pre placement season, formal invitations are sent to all existing and new corporate partners along with the University brochure highlighting the quality of education and the various programs offered by REVA. The day1 slot company is identified and the invitation is sent to them first. The invited company in turn sends an official mail stating the probable Placement drive date along with relevant details of the company and the essential requirements for the placement drive.

The next process is to identify the students matching the eligibility criteria as mentioned by the company and create a database. After indenting the students matching to the requirements of the company, the students are informed regarding the date of the recruitment drive, the job description, the salary component, the pre-requisites and the necessary documents that need to be placed at the time of the drive. Necessary arrangements in terms of hospitality and banner display are done on the day of the drive to ensure smooth and effective recruitment process. Banners of the visiting company are mounted on prospective places in the campus and also an E Display to welcome the dignitaries for the day. Technical specifications are communicated with the IT support team to ensure a hassle free process. Based on the number of candidates appearing for the online test, system requirement is estimated and communicated to the support team. After completion of the entire process, a mail is sent to the entire management showcasing the results and students shortlisted.

Once the day one slot is fixed, the rest of the invited companies who have responded are allocated dates.

## 7. Training

The training aspect plays a very crucial role in attaining full-fledged success in placements. To facilitate the smooth transition from academics to industry specific, the in house Training Team has been set up. The students are given Aptitude & Technical skills training incorporated in their regular academic schedule from the first year. Regular online assessment is conducted to test the skill level of the students. When the student is about to enter the final year, a two weeks finishing school training is provided to equip the students with advanced approaches to problem solving and also incorporate various soft skills expected by the industries.

## 8. Placement Highlights, 2016-17

- Record number of offers from a single company – 108 (TCS)
- Other major companies where REVA University students were placed during the year include: IBM, HP, Capgemini, Myntra, Oppo Mobiles, ICICI, Amazon, CGI, Eduworld, NTT Data, Kotak Mahindra, Concentrix, VEE Technologies, Datalife Health Care, Satyam Group, Eureka Forbes, Objecwin etc.
- Highest package offered to students
- Non eligible students were also placed
- Acquired state-of-the-art FORMAC software to help students prepare for company wise aptitude round.
- Conducted skill level test using EBOX tool to help students understand which areas they need to improve.
- Students are encouraged to participate in innovative and interactive competitions like HACKATHON. The students have actively participated in University/state/national level competitions.
- In addition to placements, the students are provided internship opportunities in both ITES and Core companies. There have been relative success rates where these internships are converted into full time placements due to the hard work and quality of work done by the students.

## REVA University Recruitment Drive

## **VII. REVA ACADEMY FOR CORPORATE EXCELLENCE (RACE)**

### **Corporate Training Programs**

#### **1. Preamble:**

REVA Academy for Corporate Excellence (RACE) is an initiative of REVA University, established to create continuous learning opportunities for working professionals in corporate bodies, multi national organizations, industries and the institutions. RACE offers a range of programs specially designed to suit the needs of working professionals to help them progress in their career. RACE programs bring in the latest tools, techniques and skillsets which are in sync with the futuristic demands of the industry. Each program is planned, designed and delivered by highly renowned corporate trainers with years of experience after comprehensive research and discussions with key stakeholders from industry. Pedagogy of all the programs revolves around social and experiential learning, learner empowerment and building transformative capabilities. The programs are certified by REVA University and various industry partners.

#### **2. RACE Mission**

Developing visionary enterprise Leaders for organizations through building progressive and integrated learning capabilities

#### **3. RACE Vision**

Become the most preferred partner for training corporates and working professionals.

#### **4. RACE Programs**

RACE offers three types of programs currently in a blended mode with an optimal mix of contact and online sessions.

##### **a. Long-Term programs**

Open programs designed for working professionals for continuing education on specialized areas with a techno-functional focus. Currently, RACE offers open programs in Business Analytics.

**PGDM / MBA program in Business Analytics with IBM:** This 12 months modular program in Business Analytics with IBM for working professionals is designed to achieve the objective of “Providing in-depth knowledge and skillsets on relevant Software Tools and Business Analytics framework across Industries to enable Business Decision-Making and Problem Solving abilities Using Data / Big Data.”

##### **b. Short-Term Programs**

These are open programs with a duration of about 3 to 6 months on a specialized area. RACE currently runs a three months Diploma program in HR Analytics with Jigsaw Academy targeted to mid and senior HR Managers.

### **c. Organization Based Programs**

These are customized programs based on the organizations' learning needs. Currently, RACE offers a customized "Advanced Diploma in Strategic Leadership". The intended participants are mid and senior managers of a single organization.

### **5. Blended Learning Model**

All programs from RACE use blended learning method. Typical contact classes held in the campus use the state-of-the-art infrastructure in their classrooms and labs with high-end recording and live streaming solutions. The videos are uploaded to the Learning Management System and every participant gets access to the LMS which acts as a one point contact for all their learning requirements including, pre and post course materials, discussions threads, blogs, and assignment uploads etc. Each of the programs focuses on creating techno-functional skillsets and hence the focus is on experiential learning with case studies, simulations and capstone projects.

### **6. Industry Leaders as Mentors and Trainers**

Each course is delivered by industry veterans who are thought leaders in their domain and bring in the best and the next practices. RACE expects them to help the participants not only to enhance their knowledge and skills but also address their career aspirations and create lateral placement opportunities.

### **7. Current Industry Partners**

1. IBM Career Education
2. Jigsaw Academy
3. Predictive Analytics Inc
4. Datawise Inc
5. SAP

## VIII. CENTRAL LIBRARY

### 1. Introduction

Central Library located in the heart of the campus and housed in an independent building with a carpet area of 46,634 Sqft is fully air conditioned. The library has 800 seating capacity. It possesses huge collection of books, journals and e-resources and is kept open from 8.00 am to 12.00 midnight providing a mix of learning environment to meet different student aspirations and teachers needs.

Online access to a vast range of information comprising of nearly 22,000 e-journals, 13,000+ e-books and 11 databases facilitate all our students, researchers and faculty members' valuable wealth of knowledge. Students and teachers pass through exciting experience of accessing IEL online database of IEEE that contains 1.7 million full text searchable journal articles, conference papers and IEEE standards. Students enjoy accessing business source elite collection of 1800+ e-journals and magazines through EBSCO database. They also view videos of all programs / courses brought out by the NPTEL through NPTEL's E-Vidya Media Streaming System.

In addition to the Central library many Schools have maintained their own libraries to meet the day to day needs of the faculty members and students. To mention a few: School of Legal Studies, School of Architecture, School of Electronics and Communication Engineering, School of Computing and Information Technology, School of Commerce and School of Management Studies.

The central library is headed by the Chief Librarian and has been supported by 4 Assistant Librarians, 4 Technical Assistants and Library Assistants and 6 supporting staff. All the staff members are well trained in organising, maintaining and providing necessary services to students, researchers and faculty members to their satisfaction.

### 2. Objective

"To provide continuous access to information to the students and faculty members of the University to facilitate teaching, learning and research for achieving excellence in higher education"

## IX. COMPUTER AND INFORMATION TECHNOLOGY DIVISION

### 1. Introduction:

Computer and Information Technology Division has been established to plan, implement, manage and maintain the technology applications in the University. The division also incorporates business applications, undertakes evaluations and recommends information technology software and systems. The division is headed by a well qualified and experienced Software Engineer supported by qualified technical staff.

### 2. Deployment of VMware Technology

The University has deployed VMware technology for all its applications. These include:

- Data center/server virtualization (shared cluster storage)
- Desktop virtualization
- 500 VDI Machines with horizon 6.2 deployed as under:
  1. School of Architecture - Automated Desktop Pool (linked clone of 80 VM's) Floating using 3d graphic design
  2. School of Civil Engineering - Automated Desktop Pool (linked clone of 72 VM's) Floating for cad design.
  3. School of C & IT - Automated Desktop Pool (linked clone of 144 VM's) Floating with Linux and Windows Platform.
  4. Central Library - Automated Desktop Pool (linked clone of 84 VM's) Floating for cad design.
- Data security (shadow copy, daily server backup)
  - Each building in the campus is connected using single mode fiber channel.
  - User login secured and administered centrally
  - User level security with active directories has been synchronized with hardware firewall.
  - Ease of use of administrative and academic purposes is ensured through optimization.

REVA University has been recognized with **Digital Academy Award** for the year 2016 by VMware Technologies Pvt. Ltd.

### 3. Maintenance of Servers and Systems

The division undertakes overall responsibility of Servers and systems. Some of the important servers the university possesses are as under:

- **Moodle server** –Moodle server in the campus is utilized for conducting Quiz and online examination.
- **ERP Server** – Office automation systems in REVA Campus.
- **Tally Server** – Maintaining Tally Server in account for maintaining the overall REVA Campus, Sanjay Nagar and Ganganagar Campus accounts.
- **OS Ticket** – Using OS Ticketing system for helping end users in REVA Campus like technical support and electrical support.
- **Firewall** – Integrated with AD user based internet browsing for end users
- **NFS Server (File Sharing System)** – Overall managing file sharing system in the campus, adding new softwares & deleting old softwares, accessing permission to softwares users; managing IT Support.

- **Antivirus Server (K7 Antivirus)** – Overall managing antivirus server in the campus, Managing K7 technical support team. Every week scanning the Antivirus. Updated Antivirus definitions and Windows Updates when required.
- **CC Camera**– Overall managing video camera server in the campus, manage & recording the video files in the video camera server.
- **LibSoft server for Library** – Overall managing libsoft server in the campus. Adding Static IPs & communication with Libsoft technical support team.

#### **4. Maintenance of REVA Web domains**

The division also undertakes overall responsibility of REVA Web domains (revainstitution.org, revauniversity.org, reva.edu.in, reva.ac.in)

- Manage C Panel :** Managing C panel of above mentioned domains including adding sub-domain, deleting sub-domain, link communication between mails & domains in the globally live set up.
- Renewal of domain:** Managing & renewal of web domains from time to time, making live in the global including documents preparation for renewal process.

Further, the division is responsible for procurement and maintenance of systems, printers, scanners & projectors and all IT gadgets required by various administrative and teaching departments of the University.

#### **5. Network Support**

The division also provides Networking Support as per the requirement of various Schools with the coordination of Construction and Network Team. It also has the responsibility of the following:

- Wifi Network in REVA Campus
- Maintenance of REVA Email Admin Console
- Systems & printers Repair Support
- Technical support for Staffs & Students
- Coordinating and facilitating IT requirements to Placement drive from various companies
- Conducting online Exams including GATE Exam, CMAT Exam, MAT Exam, COMED-K, REVA University entrance examinations for admissions to Engineering, Management, Law, Architecture and Ph D in the campus.
- Making arrangements of systems; arrangement of human resource for online examinations, receiving online exam materials & dispatching the materials.
- Conducting online exams of TCS and other companies in the REVA Campus.

## Computer Labs

## **X. INTERNAL QUALITY ASSURANCE CELL (IQAC)**

### **1. Preamble:**

The University has established an independent Internal Quality division headed by a Senior Professor as Dean of the Internal Quality. The division works on planning, designing and developing different quality tools, implementing them and monitoring the implementation of these quality tools. It has developed detailed regulations relating to academic processes containing Course Planning, Course Delivery, Course Monitoring, Course Evaluation, and Course Quality Enhancement. The division concentrates on training and monitoring entire faculty members in adopting the new tools, techniques and methods in teaching and learning process. The division also monitors the implementation of CBCS - CAGP of education as the University has adopted this pattern of education since its inception. Further, the division is continuously working in collaboration with all the Schools to implement Outcome Based education system. As a result of these initiatives, REVA University has received BSCIC ISO 9001:2015 Certification.

### **2. Philosophy**

“Embedding quality into the academic and administrative activities of the University by educating, training, counseling and motivating all the members of the University”

### **3.Vision:**

“Establishment of an effective internal quality system to enable REVA University to realize the vision of becoming an Innovative University by developing excellent human resources with leadership qualities, ethical and moral values, research culture and innovative skills through higher education of global standards”

### **4.Mission:**

- To design and develop appropriate quality system procedures for academic and administrative activities of the university in consultation with all the concerned members.
- To educate, train, counsel and motivate all the members of the University to effectively implement the developed quality system procedures.
- To identify and train a group of internal quality monitoring members to monitor the effective implementation of the quality system procedures.

### **5.Activities Performed :**

Following are the activities performed by the Internal Quality division:

1. Detailed regulations relating to academic process in REVA University were drafted, discussed and deliberated with all the concerned and the same was placed before the various authorities of the University for approval and these bodies have approved the regulations relating to Academic Processes

in REVA University. These regulations deal with the detailed academic procedures and provide guidelines to conduct the academic activities in a sequential manner with specific time frame for each of the action. These regulations comprise of the following:

- i) Course Planning
  - ii) Course Delivery
  - iii) Course Monitoring
  - iv) Course Evaluation
  - v) Course Quality Enhancement
2. A detailed work load audit of all the Schools was conducted to ascertain the adequacy of the faculty members. Based on this audit a detailed work load (teaching, research, students' welfare etc.) for each category of the faculty members was prepared and implemented after thorough discussions with all concerned.
  3. Training programme on course planning based on Out Come Based Education was conducted to the faculty members of all the Schools from April 2016 to June 2017.
  4. Hands on training for all the faculty members (One –to –One) on course plan document preparation for outcome based education was conducted from July 2016 to March 2017.
  5. The IQAC has been formed as per the provisions under REVA University Statutes based on the UGC Regulations. The Cell comprising of the members from the Trust, academia, industry, and senior officers of the University is chaired by the Vice –Chancellor. The Dean of the Internal Quality division is the Ex-Officio Member Secretary of the cell.
  6. The **IQAC** has so far conducted 3 meetings and the decisions in the meetings and the actions taken on the decisions are furnished in the table given below:

Sl No	Meeting Date	Decisions	Actions Taken
01	09/07/16	i) More emphasis must be given to the project - based learning and this must start from the first semester and continue till the end with varied complexity.	To start with all the Engineering Schools have started this from the first semester.
		ii) Course delivery must essentially start from a real life scenario.	All the faculty members have been trained on this aspect during the regular one-to –one training session by the Dean-I.Q.
		iii) Study groups are to be formed for every course and these groups must be well nurtured by the faculty members.	To be implemented
		iv) Identify a quality member in each of the school/groups in the school to train and monitor the quality aspects of the course	Each school has a team of faculty members to monitor the quality aspects of academic activity.

		work.	
		v) Pre-Counselling of First year Students and the Parents about the prospects of the Programme and the efforts required by the students.	This is being done by the concerned school faculty members during the Admission Process.
		vi) Entrepreneurial training must start from the first semester and continue till the end.	To be implemented
		vii) Successful entrepreneurs are to be invited to closely interact with the students to know the intricacies of the entrepreneurial task. This has to be through the EDC (Entrepreneurial Development Cell)	EDC Cell has been established and the activity is picking up.
		viii) Alumni services must be availed at regular intervals.	Concerned Schools are following this.
		ix) Faculty members must be trained to teach with passion.	The training process is in progress
		x) Students must be provided an opportunity to get a few certifications from the industries during their Programme period.	This is being implemented for the P.G. Programmes and to be implemented for U.G.
		xi) Specific skills are to be identified for each of the programme and this training to be imparted in each semester.	The process has started.
		xii) All faculty members must be trained to set goals for each semester and provide an opportunity to fulfill the same.	To be implementd.
02	10/12/16	i) REVA University must shift from content based Education to Outcome Based Education slowly but steadily. Action plan has to be prepared.	Started Implementing initially for the Two Schools (ECE,CS&IT)
		ii) It was decided that Computer based Examinations is to be administrated only for P.G. programs as an additional exercise to the written mode in 2016. In the subsequent semesters the computer based tests are only taken for the continuous assessment test and finally as the mode of evaluation for all the P G programs by 2018. When once the system is matured the implementation for the U.G. Programs shall be started.	This is being implemented in phases. For all the programmes out of the three Internal Examinations, One is made compulsorily computer based
03	10/06/17	One permanent member from the Industry specific to the school needs to be appointed as a mentor and he/she should be visiting the school in intervals and guide the school activities.	To be implemented.

7. As per the decision taken at the 2<sup>nd</sup> IQAC meeting, the training programme on Outcome Based Education was started initially to the ECE, C & IT Schools in School in Dec.2016 and March 2017 respectively in the following three phases:

### **First Phase**

In the first phase the outcome based education training was conducted to all the faculty members during the even semester. Based on the convenience of the faculty members the training session of nearly two and half hours was given either individually or in group of 3 to 5. During the training following issues were covered.

1. Explaining the major difference between the conventional and the outcome based education system.
2. Highlighting the need for the outcome based education system.
3. Briefing about the need to know the basic concepts of Pedagogy.
4. Explaining the process of syllabus analysis.
5. Introducing to the Bloom's Taxonomy and its application for course planning.
6. Detailed explanation to all the formats of the course planning documents.
7. Hands on practice for writing course outcomes incorporating Bloom's Taxonomy.
8. Familiarizing the faculty members about REVA University regulations relating to academic processes.
9. Assessing the training needs and potential for imparting training.
- 10 Explaining about the importance of assignments.

(All the faculty members were required to bring the copy of the course file, syllabus copy of any one of the course which they are offering, sample Questions, sample assignments)

### **Second Phase**

In the second phase, specific subject groups of faculty members were formed and **One full day Hands-on session** for each of the group were conducted on the outcome based education and Blooms' taxonomy. The training was conducted in three different sessions during the even semester and completed before the vacation. During the training following issues were covered.

1. Familiarization of the job description of the employees in the industries.
2. Identification of the course in which most of the faculty members are familiar to take up for the case study.
3. Identification of the job descriptions which can be addressed through the selected course(s).
4. Selection of such job descriptions currently not been able to address due to the limitations in the existing curriculum.
5. Selecting the appropriate level of Bloom's taxonomy to be adopted for the first unit of the course.
6. Developing the course outcomes based on the selected Bloom's level, content and the job description.
7. Mapping of these course outcomes to the Programme outcome.
8. Setting sample thought-provoking questions based on the selected Bloom's level, course outcomes and the competency to be developed based on the job description of the employer.
9. Conversion of these questions to suit to paper less examination.
- 10 Preparation of an assignment for the first unit.
- 11 Repeat the whole process from sl. No. 5 to 10.

(All the faculty members obtained the job descriptions of the industries from the Placement Cell and worked using the approved syllabus of the courses being taught by them. They also used standard text books, data sheets etc for carrying on the task.)

### **Third Phase**

Following were the activities performed in the Third Phase of training faculty members:

1. Preparation of the course planning documents by all the faculty members of the respective courses (The senior member of each course was identified as the course coordinator. He / She along with other seniors helped and guided the junior faculty members in preparing the course planned document).
2. Preparation of the question papers for the internal test initially for the written test and later on converting the same for the paperless examination.
3. Preparation of the necessary laboratory Outcomes for the entire course.

### **Fourth Phase**

10. All the faculty members' video in the actual class during the odd semester to be captured with prior intimation to the faculty members.

11. Necessary feedback about the performance of the faculty members with respect to the pedagogical aspects and the contents aspects was provided and the video copy is also given to the faculty members for their view and possible improvements.

(For pedagogical feedback: about 70 man hours, content feedback: 70 man hours)

3. Selected faculty members of all the schools were trained on setting critical thinking questions.
4. An action plan for the NAAC Accreditations was drafted and all the concerned were briefed about the activities to be performed to fulfill all the requirements of NAAC and to perform all the academic activities to enhance the quality of teaching, learning, research and related tasks.
5. Enabled the University to participate in the State University ranking process for the year 2016-17. The University secured the Third Rank among all the Private Universities of the State.
6. Lecture Videos of all the faculty members of three schools have been obtained and the same is being analyzed and the feedback is provided to the faculty members to enhance the teaching quality.
7. The necessary training for all the faculty members of ECE and C&IT Schools is imparted to prepare them for the ABET Accreditations.
8. In both the Schools, the teams of faculty members are formed and training was imparted to them to carry out the specific activity with respect to the ABET Accreditations.
9. All documents to apply for ISO certification were prepared and submitted the application for assessment. A team of faculty members were trained to carry all these tasks and also to assist the ISO team who came to assess the University performance. The University hence, obtained ISO 9001:2015 Certificate for the Teaching-Learning process.

## **XI. PHYSICAL EDUCATION AND SPORTS**

### **1. Introduction:**

REVA University believes that physical fitness is the foundation for study and learning. Keeping in mind that sound body makes sound mind, the University gives high priority for sports activities, Yoga and such other practices that keep oneself healthy and fit for happy living and concentrate on study. Therefore, REVA University has well planned outdoor and indoor sports facilities including Gymnasium, Badminton, Table Tennis, Volley ball, Basket ball, Football and Cricket stadium. The multi-gym station helps students to take part in the sports activities of their interest and keep them fit and healthy. REVA University also promotes yoga and therefore, everyday regular yoga practices, for students and as well as dwellers in the campus and nearby people is provided. To train and to monitor sports activities and yoga practices, a department of Physical Education and Sports has been established under a qualified Director of Physical Education. The Director is supported by an Assistant Physical Education Director, a Yoga Instructor, 4 Sports coaches in Cricket, Football, Basketball and Volleyball and supporting staff like ground men, attenders and others. The department has a set vision and mission. The department has also developed sports policy based on the guidelines of Association of Indian universities (A.I.U) and other sports agencies. These guidelines help in carrying out the sports activities smoothly, for effective functioning of the department and to achieve the desired goals.

### XIII. INFRASTRUCTURE DEVELOPMENT

#### 1. Preamble:

REVA Management has given foremost importance for infrastructure development. The campus is developed based on the master plan well before the start of academic activities. While the quality is given the top priority, every aspect making the campus green is considered as important as quality. The entire area is built as main campus. The administrative building with built-up area of 80550 sq.ft. is certified as “**LEED – INDIA NC PLATINUM - 2013**” by Indian Green Building Council (IGBC) is the only building considered as certified green building among educational institutions. The total built up area as on 31<sup>st</sup> March, 2016 is 1767460 sq.ft consisting of 4 academic buildings, 1 administrative building, 1 library, 4 boys hostels, 2 girls hostels, 1 faculty apartment, 1 guest house and officers quarters. Apart from that University has 1 auditoria with 1200 seating capacity, 2 amphi theatres – one with 2500 seating capacity, the other one with 3500 seating capacity and one open air theatre with 10,000 seating capacity. The seating capacity of seminar halls vary between 90 and 300 seats. There are 216 classrooms, 72 laboratories, 14 seminar halls, 20 Directors’ Chambers, 252 Teachers’ cabins and nearly 2025 computers. The campus has 24 x 7 uninterrupted electricity and water supply with a power back up of 1000 KVA. The four boys’ hostels can accommodate 2800 students and 2 girls hostels provide accommodation to 1200 girl students. Brief description of infrastructure is given below:

## **XVI. FIRST ANNUAL CONVOCATION**

### **1. Introduction**

REVA University commenced its academic programs in the year 2014-15. The final semester examinations of first batch of M Tech, MBA, M Com and MA in English degree students were conducted during June / July, 2016. The students who appeared for examinations were examined and found successful to confer the degree to this maiden batch of masters degree students passed out in the year 2016, the First Annual Convocation was held with all its grandeur on 4<sup>th</sup> August, 2016 at 11.00 AM in the Open Air Theatre, Rukmini Knowledge Park, REVA University, Kattigenahalli, Yelahanka, Bengaluru. The Convocation was presided over by His Excellency Shri.Vajubhai Vala, the Governor of Karnataka and the Visitor of the University who honoured the nine gold medallists on the occasion. Hon'ble Minister of Higher Education and the Pro-Visitor of the University, Shri Basavaraj Rayareddi was the chief guest and Dr.Vijay Bhatkar, best known as the Architect of India's national initiative in supercomputing and Chairman of Unnat Bharat Abhiyan, India's national initiative of connecting IITs and other leading academic institutions to village of India, and also Chairman of Oversight Committee of Science and Engineering Research Board (SERB) delivered the Convocation Address.

During this maiden Convocation, 176 candidates belonging to M Tech in Advanced Embedded Systems, Advanced Information Technology, Advanced Power Electronics, Computer Aided Structural Engineering, Data Engineering and Cloud Computing, Machine Design and Dynamics, MBA, M Com, and M A in English were conferred master's degree. Among them 98 were Engineering Post Graduates, of whom 55 were men and 43 were women. There were 30 M Com candidates of whom 20 were men and 10 were women. Among 42 MBA graduates 20 were men and 22 were women and among 6 candidates who received M A in English degree, 4 were men and 2 were women. Thus, in all 99 men and 77 women representing 56.25% and 43.75% respectively received post graduate degrees of REVA University in its First Annual Convocation. Further, 9 candidates, who were toppers in their respective post graduate examinations held in June / July, 2016 were awarded Gold medals. Endowments for these Gold medals have been instituted by various donors.

Presiding over the Convocation, His Excellency spoke in length about the glory of education system in ancient India and emphasized the need to bring back this glory by imparting quality education and also by becoming innovative Universities of research. His Excellency, referred to REVA as a temple of learning. He stressed upon the importance of having an aim in life and sighted examples of mythological characters like Arjuna and Dhronacharya in accomplishing one's vision in life. He motivated the youth to be inspired by Swami Vivekananda in order to achieve goals. He advised the students to concentrate on studies and also inculcate patriotism at the bottom of their heart and work for the development of the country. Further he insisted that the youth should be highly responsible,

sensible, amiable and achievable in order to bring progress to the University as well as the nation. He congratulated the promising graduates of REVA for their hard work and advised them to use the REVA platform as a spring board to launch their dreams into the global market. The Hon'ble Minister of Higher Education and the Pro-Visitor of the University, Shri Basavaraj Rayareddi, addressing the graduating students harped upon the importance of education, especially in the present society and spelt out the initiatives taken by the Government of Karnataka to promote private portals of higher learning to cater to the increasing demand and need for quality education. Padma Bhushan Dr.Vijay Bhatkar, in his Convocation address, emphasized on innovative research and stated that REVA has set a trend as an academia for a lasting memory to the society. Appreciating the contribution made by REVA in research and innovation in the very premier years of its beginning, Dr.Vijay Bhatkar said that REVA would be a world class university in coming days. Honourable Chancellor of REVA University, Dr. P. Shyama Raju, extended a warm welcome to the gathering and briefed about activities of the University. The mega event concluded with dreams and aspirations of the REVAITES to scale higher degrees of success and make their almamater proud.

## **XVII. UNIVERSITY EVENTS: HIGHLIGHTS OF THE YEAR**

The University organized regular academic programs such as workshops, seminars, conferences, and brain storming sessions on various topics of current interests. The University celebrated special days of national interest to inculcate patriotism, professionalism and commitment to society and to encourage students to participate in community development programs, social activities etc. One of the most exciting and important event organized by the REVA University is Founder's Day Celebration organized on 6<sup>th</sup> January of every year. Apart from variety of events including special lectures by eminent personalities organized on this day, REVA University presents 'Life Time Achievement Award' to successful personalities who have made mark in their field of work. This award carrying a citation and cash amount is instituted to recognize the services of teachers, researchers, scientists, entrepreneurs, social workers and such others who have contributed richly for the development of the society and progress of the country. The first "REVA Life Time Achievement Award" for the year 2015 has been awarded to Shri. Kiran Kumar, Chairman ISRO on the occasion of Founder's Day Celebration, 6<sup>th</sup> January, 2016. One more important event is the "Smt. Rukmini Shyama Raju Memorial Endowment Lecture on Women Empowerment" organized on the occasion of International Women's Day. This lecture is a part of the lectures organised under Smt. Rukmini Shyama Raju Memorial Endowment Lecture series on Women Empowerment. During the year 2015, Dr. Shalini Rajneesh, IAS, the Principal Secretary to Govt. of Karnataka delivered a special lecture on 29.09.2015.
